SCS100B Series

1500Vdc PCS String Inverters

Model	SCS100B Series
Basic data	
Supported device number	1
LED display	LED * 3
Power consumption	Typ. 3W
Communication	
WLAN	2.4GHz, 802.11 b / g / n
Ambient conditions	
Operating temperature	-30° C - +60° C
Humidity range	0-95%, non-condensing
Max. operating altitude	≤ 4000m
Protection class	IP66
Mechanical parameters	
Dimensions (W*H*D)	64mm*118mm*32mm
Installation	Plug and play

Smart And Flexible

- Supporting mainstream WLAN networking protocols
- Remote monitoring, support parameter setting and firmware upgrade
- Local configuration, support directly connect to inverter via Bluetooth

Simple

- Plug and play, quick installation to MatriCloud
- High efficient O&M, support remote fault diagnosis

Safe

- Fault data real-time upload
- IP66, wide temperature range
