

SOMATOM X.cite
with myExam Companion

Intelligent imaging.
Excellence empowered.

Experience how intelligent imaging works with you

The number and complexity of radiological procedures are increasing. This calls for new solutions: Intelligent navigation. Patient-friendly design. Personalized imaging. Consistent standards.

Our single source CT scanner SOMATOM® X.cite offers exactly that. Together with myExam Companion it launches the era of intelligent imaging. myExam Companion guides users intuitively through any procedure, adjusting key parameters to individual patients.
