About the spaces

Centro Negra is the main building of AADK Spain. It serves both as a working area and exhibition space. The building is made up of 6 different and interconnected spaces, each of them unique in size and morphology and capable of adapting to multiple purposes. Given the structure of the building, closed workspaces are not possible. We invite you to take on this challenge as an opportunity to be in touch with the creative processes of other participants. Those working with dance and performance, note that Centro Negra does not dispose of a professional dance floor. What we can provide is a large space with a cement floor that can be covered with a carpet.

Visas:

It is the absolute responsibility of the resident to manage the necessary visas for the requested time of stay. AADK Spain will do its best to provide any useful documents such as invitation letters.

If you have any questions, please reach us at info@aadk.es addressing our Residency Director, Elena Azzedin.
