# CRUCE. Terms & Conditions

Thank you for your interest in Cruce, a multidisciplinary residency program with an open theme, in which artists are not required to adapt their creative process to the context or to a specific curatorial framework of AADK. The program is aimed at artists who wish to take a retreat to work on their personal projects or simply to rest.

Cruce is a modular residency program, allowing you to design your stay according to your needs and tailor the experience accordingly.

Please read this document carefully before submitting your application.

Afterwards, complete our application form, which can be found in the OPEN CALLS section of our website.

For more information about the program, please visit our website. If you have any questions, you can contact us at info@aadk.es

**1. Calendar**

The duration of the program ranges from a minimum of 2 weeks to a maximum of 3 months.

Our calendar is organized in blocks that begin on the 1st or the 16th of each month and end on the 15th or the 30th of each month.

Different start or end dates are possible but will imply additional nights. It is possible to arrive later or leave earlier than the reserved block; however, please note that this will not modify the corresponding fee.

**2. List of Modules and Fees**

As mentioned above, Cruce is a program divided into different modules so that you can adapt the experience to your needs. Before submitting your application, you can consult our list of costs (available on our website under the Cruce section, scroll down to the bottom) in order to choose the modules that will make up your program.

**3. Reservation**

Confirmation of your place will be effective upon signing the contract and once 50% of the total program cost (up to a maximum of €400) has been paid as a reservation deposit. Places are allocated according to the order of payment.

**4. Payments**

For residencies lasting one month, the remaining balance—after deducting the reservation deposit—must be paid no later than 30 days before the start of the stay.

For residencies lasting more than one month, the first full monthly payment (without deducting the reservation deposit) must be made no later than 30 days before the start of the stay.

During the residency, payments for each month must be made within the first 5 days of the previous month.

In the final month, the remaining balance will be paid, deducting the amount previously paid as a reservation deposit.

Payments may be made by bank transfer or Wise. Any bank transfer fees are the responsibility of the applicant. Please check in advance whether transfer fees apply and add them to the total program cost. If you are unable to obtain this information, you may be asked to pay the difference during your stay.

If additional modules are contracted during the residency, they must be paid at the time of booking via bank transfer or Wise.

**5. Co-financing**

AADK Spain, in collaboration with the Municipality of Blanca, co-finances 60% of the total cost of the program for each resident. Please note that we are a non-profit organization, and these costs are used to maintain the operation of our infrastructure, including human resources.

**6. Cancellation Policy**

By reserving their place, participants agree to take part in the program as planned and accept responsibility in case of cancellation, acknowledging that cancelling may prevent another person from accessing the residency. Any cancellation must be communicated at least 3 months before the start of the residency. Otherwise, the reservation fee will not be refunded.

If the reservation is confirmed less than three months before the start of the residency, cancellation will not be possible. We kindly ask for your understanding in this matter.

**7. Grants**

We recommend applying for grants or financial support to carry out the residency. AADK Spain can assist by providing invitation letters if necessary. If funding is obtained, the logo of the supporting institution will be requested for communication purposes.

**8. Visas**

It is the resident's responsibility to obtain the appropriate visa for the duration of the requested residency. AADK Spain will support the process as much as possible by providing any documentation requested by the resident that can be issued.
