Organizational and product level problems in Cynefin™ Frameworks

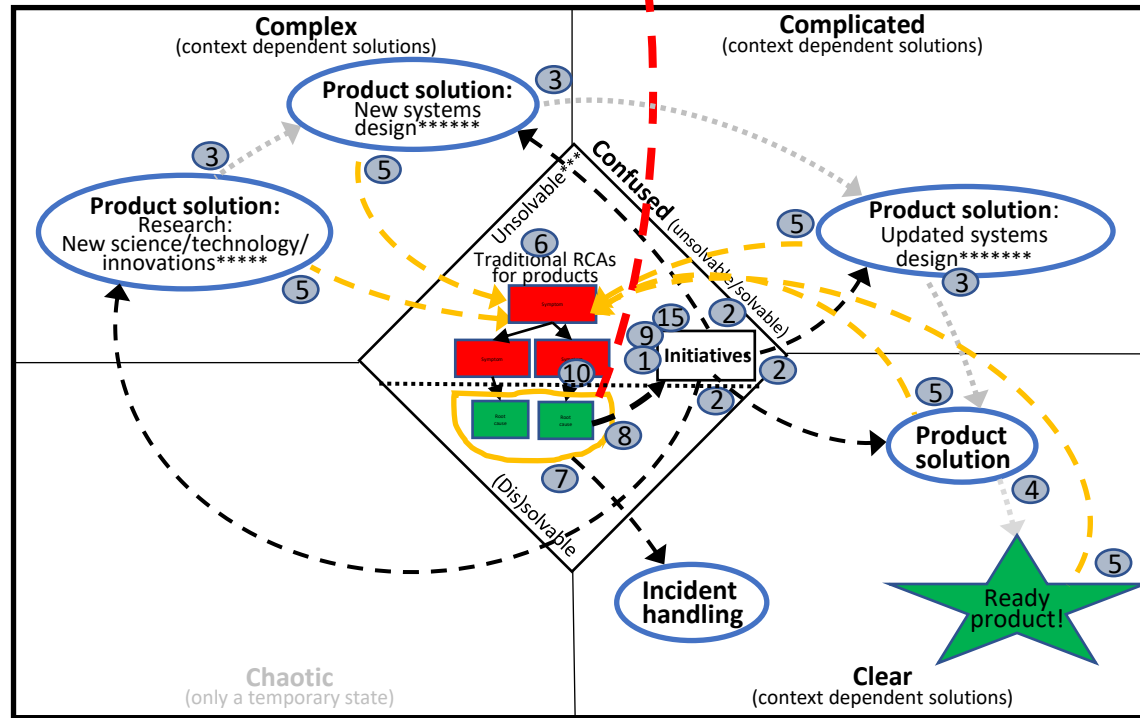

Organizational level
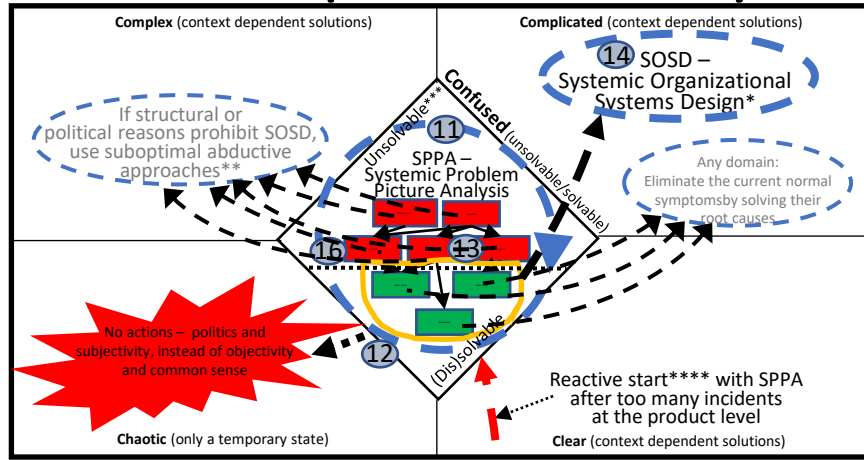

Product level******

SPPA + SOSD = Proactive Dissolution of built-in Organizational Problems!

Repeat for continual proactiveness!

The Organizational (built-in) problems will remain!

Unnecessary incidents = Unnecessary reactiveness!

SPPA – Systemic Problem Picture Analysis   RCA – Root Cause Analysis   WoW – Way of Working   why?   what?   Note!   product flow   can**** lead to   If needed****

*SOSD reduces transdisciplinary complicatedness   **like Triopticon®   ***"a mess – a system of problems" (Ackoff)   ****this reactiveness is avoided with continual SPPA and SOSD

*****reducing disciplinary complexity   ******reducing transdisciplinary complexity   *******reducing transdisciplinary complicatedness   ********operating according to current way of working
