No analysis - no systems design/false synthesis

System*

Right

Chaos!

No problem picture analysis
=
Root causes are not found
=
No valid design is possible

Confused

Wrong

False synthesis**

No   Yes

Organizational Principles ok?
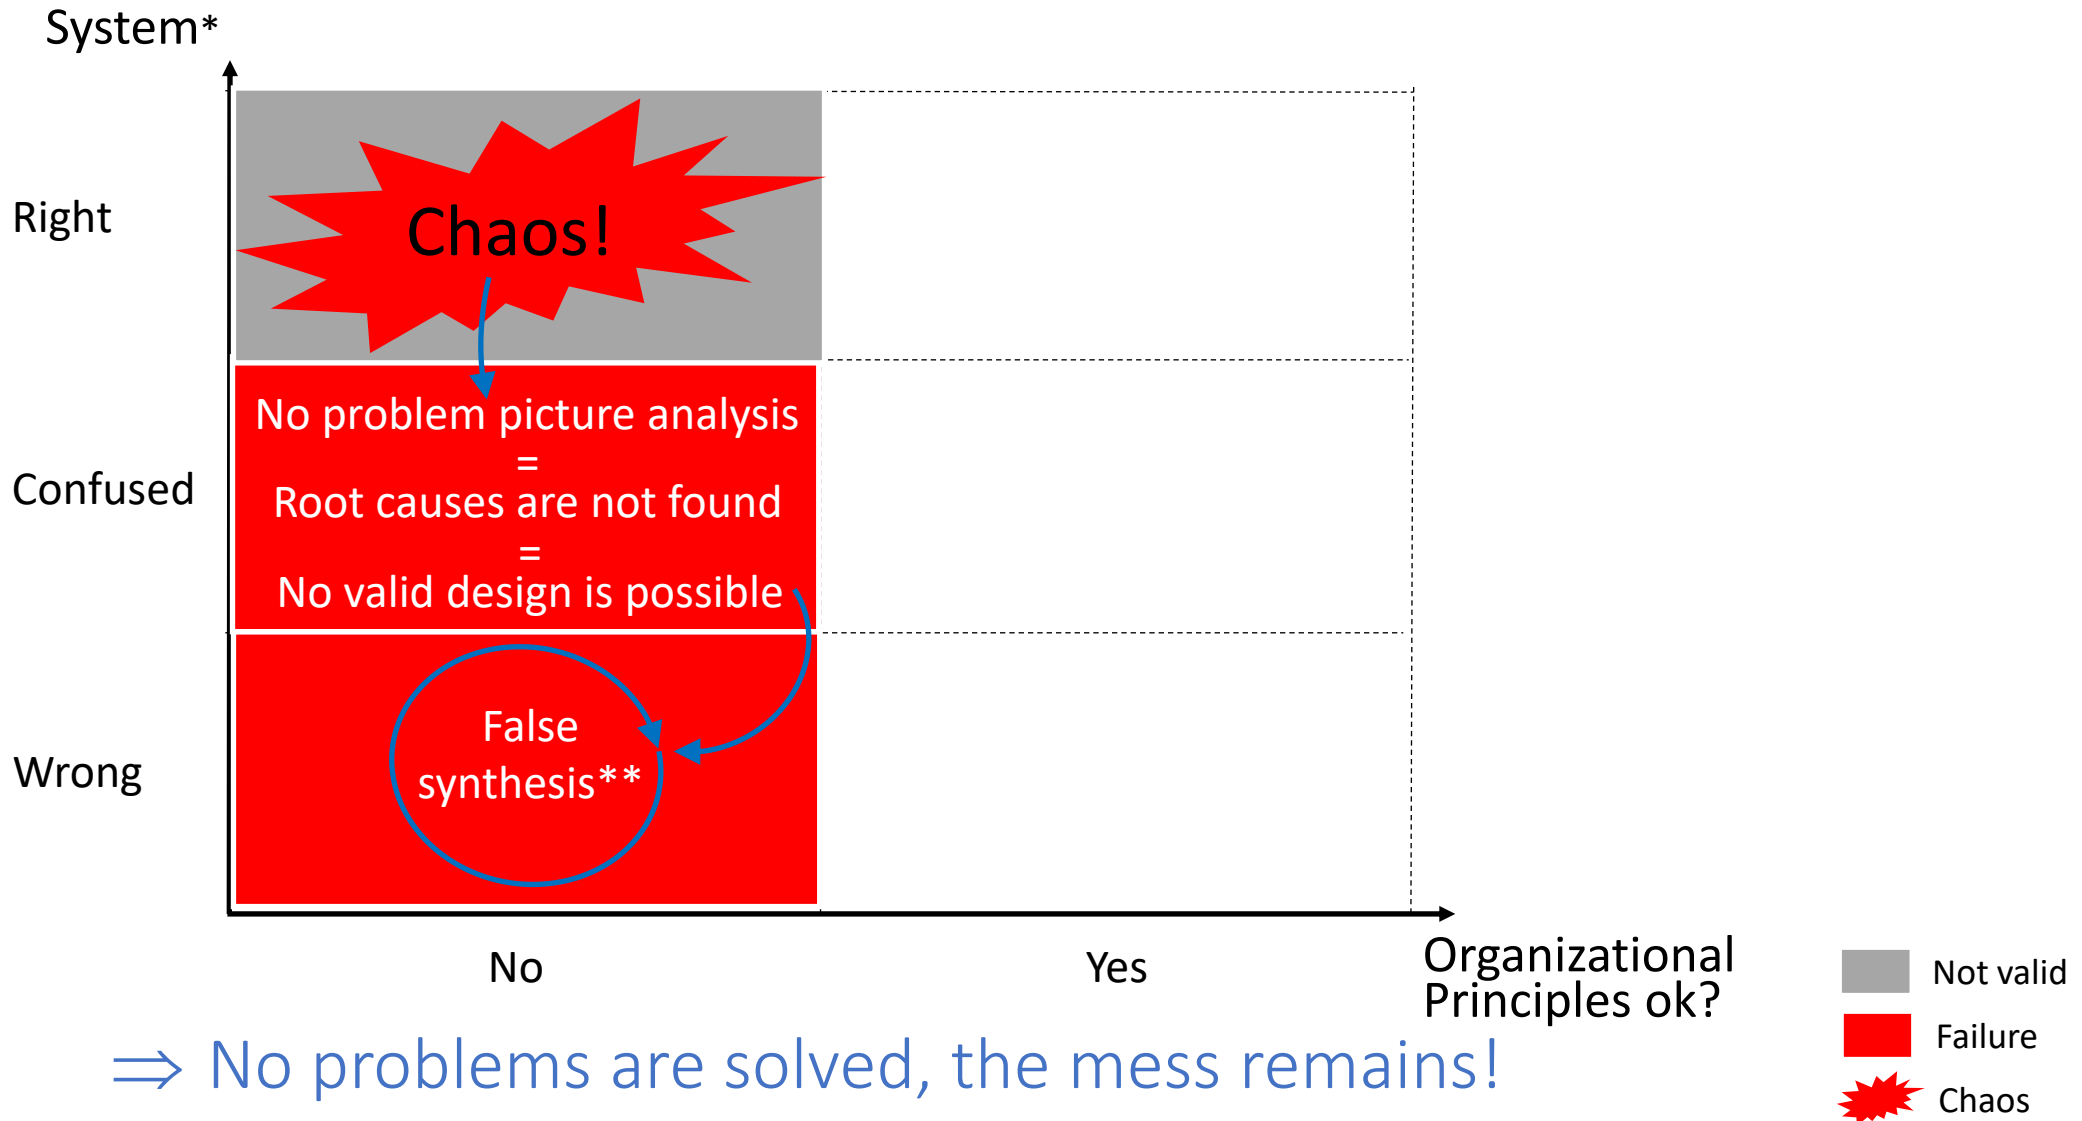

⇒ No problems are solved, the mess remains!

⇒ Walk in the Dark

Not valid

Failure

Chaos

*organizations in focus, but generally any human CAS   **same as false integration ("aggregation")
