

Our Method for production

Planning structure⁵⁾⁶⁾
 WHAT, WHEN, WHO,
 HOW MANY PEOPLE,
 HOW MUCH TIME

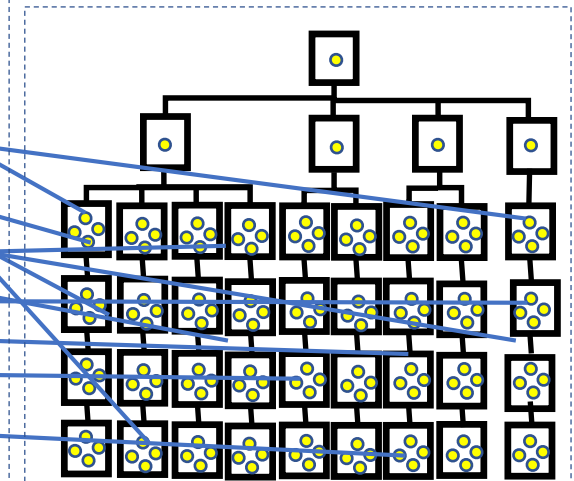

The Product Value Flow (can be in parallel, but it is still only dependencies between processes) in the Cynefin™ framework

- AP Aggregation Point (fixed in time)
- Team of teams (any number, since WHAT = HOW)
- Team (<=15)
- Respected people (full-time, right I-competence and nourished multi-I competence)
- Respected expert specialists (part-time)
- Activity
- Dependency
- Critical Line (only in Ordered)
