

## **VELKOMMEN TIL BUER RESTAURANT**

Restauranten åpnet sommeren 2022 og ligger, som du ser, helt oppe under Buarbreen.

Buarbreen er én av få innfallsporter til Norges tredje største isbre, Folgefonna.

Naturen i dalen er dramatisk og maten og mye av drikken vi serverer er kortreist. Vi liker det sånn, å bruke av de råvarer vi har rundt oss. Hardanger er rik på naturopplevelser, mat og frukt og det er derfor grunnlaget for filosofien i restauranten.

Velkommen til en god opplevelse hos oss på Buer.

---

## **WELCOME TO BUER RESTAURANT**

The restaurant opened in the summer of 2022 and is, as you can see, right up under the Buer glacier. The Buer glacier is one of the few gateways to Norway's third largest glacier, Folgefonna. The view in the valley is quite spectacular and the food and many drinks we serve are found nearby. We like it that way; to use the resources that surround us. Hardanger is a region rich in nature, food and fruit, which therefore serve as the basis for our philosophy when working with food, drinks and their presentation.

Welcome to a good experience with us in the Valley of Buer.
