QUEEN 7

GENERAL CHARACTERISTICS

For those who do not want to give up the quality and solidity of a Queen stove, the Series 7 offers a 700 mm depth and more compact dimensions to fit any room, burners available in various configurations and wattages, enhanced by the refined Scotch Brite finish.

Thanks to its extreme compositional freedom, every composition is possible: you can combine Model i tops with accessorizable oven and neutral bases and hygienic finishes; create customized solutions by matching and attaching equipment back to back, sideways "flush" perfectly sealed, or "bridge" structures, offering high-level solutions that always perfectly meet the chef's needs. As a total guarantee, all equipment that make up a Queen7 kitchen are certified in compliance with international standards, including CE, GAR, AGA and others.

MODEL SPECIFICATIONS

- Enamelled cast-iron grills with long spokes for easy movement of pans between fires.
- High power cast iron burners 3.5- 5.7- 7 kW.
- Protected pilot flame with removable and easily washable protection.
- Thanks to the jet-proofing certification obtained through specific tests,

- knobs and under-knobs can be washed at the end of the working day without compromising functionality and safety.
- The front bar is a comfortable foothold for the cook; it keeps a safe distance from the worktop and thus protects against accidental collisions with what is resting on the worktops and at the same time the handles.

TECHNICAL SPECIFICATIONS

- Described as the cooking machines par excellence because they are indispensable in any environment and have great versatility for all types of cooking, gas cookers are available in many combinations, on top, on compartment or on oven.
- Baron kitchens have a one-piece sealed molded top and can be equipped with a liquid drain hole and, upon request, a floor drain kit for complete top cleaning.
- Entirely moulded top made from thick stainless steel plate.
- Enamelled cast iron grills with long spokes for easy movement of cookware between fires; Optional stainless rod grills are available.

- High power cast iron burners (3.5 - 5.7 - 7 kW).
- Piezo ignition of burners available as an option.
- Oven - General Features
- Stainless steel cooking chamber (57.2x58x30cm), thermally insulated and equipped with 3 anti-tip rails for Gastronorm 1/1 containers; maxi oven version with dimensions 79x55x40 cm.
- Stainless steel door and counter door, perfectly insulated and mounted on self-balancing hinges.
- Ergonomic full-length, thermally insulated handle
