BURTON WATERS BOAT CLUB
JULY NEWSLETTER

DIARY DATES

Upcoming events in July 2022.

Every Friday night is Club Night at Quayside Coffee – come along and meet your fellow boaters

9th - Summer Cocktail cruise – details to be announced

19th to 23rd - Club Cruise to Leeds (change of programme)

Do not forget to check the Club browser site for full details of events and how to book your place on any of the cruises.

COMMODORES' CORNER

The Club cruise to Boston was well supported and enjoyed by all. You'll find a report and pictures on the Club website.

The Sunday lunch cruise/drive to Washingborough was cancelled.

Is anybody interested in taking part in a boat jumble? A good opportunity to have a tidy up and move on some of the things you no longer need but may be valuable to another boater. If you are interested confirm to mike.bwbc@gmail.com.

From the Commodore. "May & June have been busy months for us particularly in the work we have been doing with the Burton Waters community.
Firstly, I must mention the Flagpole at the end of Park Lane (opposite the security offices). The boat Club took on the responsibility of looking after the flagpole and flags some 4 years ago, but it became obvious to us that some substantial refurbishment was needed.
One of our members, Andy Askham, took on the task of refurbishment and the outstanding result was finally raised on 2nd June to celebrate the Queens Jubilee. Well done Andy and your crew of Graham Montgomery, Mike Waldron, John Varley, John Collins and Steve Hagger who kept the working party watered & fed throughout. New flags are being purchased to replace the Jubilee flags that are currently flying.
The Boat Club also took part in the very damp Jubilee celebrations on Sunday 5th June when we helped the Burton Waters Residents with the loan of the club gazebo at Quayside Coffee. The Residents Association had also organised a number of trips on the water so that residents could view the development from a new perspective. Graham Montgomery, Ann Jopson and yours truly skippered the trip boat (Trixie) all afternoon and despite getting thoroughly soaked, managed to keep everyone safe, if a trifle damp.
Many, many thanks to all the Boat Club members who helped us over the jubilee weekend."

BOATERS BANTER

We're still waiting to hear from you about your recent or planned exploits; where do you like to cruise to?; tips and ideas. Send your stories to mike.bwbc@gmail.com.
