# CLEVER CLEAN WASHER

- Cleaning without solvents

Clever Clean CC02

## Advantages of CBC-200 & 300 & 600

### Clever Clean cleaning fluid

Natural self-cleaning, biological process

No solvents, VOC-free

The cleaning liquid is non-flammable and completely, harmless

Optimum cleaning with heated cleaning liquid at 41°C

Stable and durable

Safe high cleaning power

No special safety measures

With non-corrosive cleaning agent

## Technical specifications

External dimensions (W x D x H)	1010 x 780 x 1140 mm
Work surface (W x D)	930 x 545 mm
Working height	950 mm
Carrying capacity	250 kg
Net weight	55 kg
Optimum fluid level	100 liters
Minimum fluid level	60 liters
Power input	1.1 kW
Heating unit	1 kW
Working temperature	41°C
Pump	approx. 4 litres/min.

The Clever Clean MINI cleaning tub is suitable where there is little space, without affecting its many functions.

MINI item no. Deni 250944  
Cart w/wheels item no. TL 01

**Advantage**

- 3 Ergonomic and user-friendly design
- 3 Low energy consumption due to a constant heat flow
- 3 Full utilization of the work surface - none annoying barriers
- 3 Drain tap for draining used cleaning fluid
- 3 Easy and user-friendly
- 3 Easy to operate

# Additional Clever Bio Clean products

## For the Clever Clean cleaning tub:

### CBC 200 - Bio Clean NSF

Biologically degradable cleaning liquid with InS approval. Used in cleaning tubs  
Removes various oils, fats, metalworking fluids, agents etc

### CBC 300 - Maxi Clean

The cleaning fluid has been developed to remove severe contamination, such as bitumen, some varnishes and anti-corrosion wax etc.

### CBC 600 - Bio Clean Industry

The liquid is biodegradable and is used in cleaning tubs. Removes processing oil, metalworking fluids agents, corrosion protection, light grease and other types of dirt.

## For ultrasonic vessels:

### CBC 570 - Ultra

has been developed especially for ultrasonic cleaning tubs. Heated to 55 degrees, this mixture is optimal for all cleaning tasks. No toxic fumes and does not require extraction. Dissolves and cleans everything from oil, grease, soot, gunpowder sludge, bitumen, rubber, wax etc.

## For cold cleaning tub without heat with integrated pump:

### CBC 570 HCC (Heavy Cold cleaner):

The product has been developed for all cleaning vessels that do not have heat pumps in them. Can replace all petroleum and solvent-based cleaning fluids. Effectively cleans bitumen, oil, wax, grease, etc. Does not foam, does not cause rust, does not require extraction, no toxic fumes.

## Manual cleaning with CBC:

### CBC 500 - Uni Clean

The liquid removes heavy pollution such as marks from tyres/rubber, bitumen, wax residues, grease, oil, soot etc.

### CBC 550

Is very similar to CBC 500 just with an adhesive effect when sprayed on a vertical surface. Can also be used on cold and smooth surfaces.

### CBC 580

Has the same area of effect as CBC 500, but contains raw materials from e.g. Coconut.
