

CBC 600 - BIO CLEAN INDUSTRY

- water-based alkaline cleaning fluid

Product description:

The effective cleaning fluid for use in Clever Clean cleaning tubs for cleaning and degreasing smaller items in workshops, within industry and during service. Contains microorganisms that break down oil deposits and ensure a long shelf life and optimal performance of the cleaning agent.

Application:

Is ready for use in the cleaning table. Do not dilute with water and do not mix with other cleaning agents. Soak difficult grease deposits before cleaning. Possibly with CBC – Uni Clean.

Advantage:

- Water-based cleaning fluid - non-flammable.
- Extended life of the cleaning bath due to microorganisms.
- pH neutral – low risk of skin irritation.
- VOC-free.

Contents:

pH neutral and free of VOCs.
