

CBC 555 - Degreaser

-Waterbased alkaline Degreaser

Description:

The CBC 555 - Degreaser is water based and phoshatfree eco-friendly, especially useful as an alternative to detergents with a high content of VOC and solvent product.

CBC 555 - Degreaser is a no foaming degreaser and will dry out quickly. Its active ingredients quickly dissolve oil, grease and impurities from the surface, dry up quickly and leave a clean surface. CBC 555 - Degreaser removes strong contaminations such as wax residues, oil and greases and brake waste.

CBC 555 - Degreaser can in many cases replace the traditional brake cleaner.

Application:

Apply CBC 555 - Degreaser with a trigger spray. After cleaning surface wipes off with piece of cloth or water.

Features and benefits:

- Requires no labelling
- Eco-friendly alternative to high VOC Product
- Pleasant odor
- Low-foaming
- Water-based
- Biodegradable according high EU standards
- NSF Approved (170560)

Reg. no 170560
