PACKAGING

# Welcome to Covera Packaging

Covera Packaging has existed as a Belgian family business since 1946. In the early years, we provided the fish depositors in the Antwerp quays (ports) already of glass packaging.

The emergence of plastic packaging in the sixties ensured that our target group expanded quickly and that we had several interesting ones we could provide with our packaging. That was the final starting point for substantial growth. Due to our expertise and the high level of service, we have now become the perfect packaging partner for companies throughout Europe. In addition to an extensive standard range, we can also develop customized packaging in cooperation with you.

---

## **SUSTAINABLE AND EFFICIENT COLLABORATIONS**

We mainly cooperate with European manufacturers for production of various packaging. In this way we keep the ecological footprint as small as possible. In addition, the collaboration with European parties, has the advantage that we can quickly anticipate to your packaging challenge. A 100% win-win situation....!

## **TOTAL SOLUTIONS FOR A COMPLETE PACKAGING**

Finally, together with you, we have only one goal and that is to create the most suitable packaging for your products. That's why we take care that our range is continuously expanded and will always meet the highest quality requirements.

We advise you about the best material and the most suitable shape that suits your needs. We also unburden you by also taking care for closures and decoration, which will make your product a successful one. Covera Packaging is your ideal one-stop-shop.

**We will supply  
you with the ideal  
packaging for  
your product, from  
standard to custom**

---

## **IN WHICH INDUSTRIES YOU WILL FIND OUR PACKAGING?**

Our Packaging's finds its way to various sectors. Given our origins, you will naturally find us in the food industry. However, we are now also strongly represented in several European markets such as the beverage industry, cosmetics, pharmacy, chemicals and household products.

Of course we will pack everything, so if you are searching for a packaging for liquid (for example: drinks, syrups, sauces, paints, inks,...) or for solids (for example: powders, tablets and capsules,...)? Covera Packaging has the solution, contact us to discuss the possibilities.

## **MARKETS WHERE WE SUPPLY OUR PACKAGING:**

- Food
- Beverage
- Cosmetics
- Pharmacy
- Chemistry
- Household

## OUR FULL SERVICE PACKAGE IS THERE TO UNBURDEN YOU

We understand better than anyone that your priority is to focus on the success of your product. That is why we offer various services to relieve you:

### Decoration

Packaging with the right information and decoration ensures that a retailer or consumer prefers to choose your company or brand. That's why we cooperate with dedicated partners who will decorate the packaging you choose.

### Repacking/Assembling

At Covera Packaging we offer you the possibility to Repack (co-packing) or to assemble your complete packaging. Tell your specific needs and together we will find the most efficient solution in this field.

### Contract Sales/Warehousing

Our spacious warehouse gives us the opportunity to keep your goods in stock. Inform us about your forecast and we ensure that your products are delivered on demand.

# Quality and service to be your perfect packaging partner

## **Tailor-made services**

Looking for a unique packaging beyond our standard products? Then we are happy to support you with custom packaging. We will help you with the selection for a specific shape or size and think along with you for the most suitable closure and raw materials.

## **Transportation**

We can also take care of your logistics needs. We cooperate with national and international carriers within our network, but also with the carrier of your choice. In the end, it's all about getting your packaging on time on the right destination.
