## **Resolution on authorization for the board of directors to issue new shares, warrants or convertibles with deviation from the shareholders' preferential rights and against payment in cash or through set-off**

The board of directors of Cyxone AB, Reg. No. 559020-5471 (the “**Company**”), proposes that the annual general meeting 30 May 2023 resolves to authorize the board of directors to resolve, on one or several occasions before the next annual general meeting, to issue new shares, warrants or convertibles with deviation from the shareholders' preferential rights. Shares, warrants or convertibles may be issued for cash payment or payment through set-off. The total number of shares that may be issued, or, as regards issue of convertibles or warrants, issued by conversion or exercise, under the authorization shall not be limited in any other way than by the limits for the share capital and number of shares, as set forth from time to time in the registered articles of association. An issue adopted on the basis of the authorization, shall be made on market terms (meaning that an issue discount in line with prevailing market conditions may be granted).

---

The CEO shall be authorized to make such minor formal adjustments of the resolution as might be necessary in connection with registration with the Swedish Companies Registration Office (Sw. *Bolagsverket*).

For a valid resolution the proposal must be supported by shareholders representing at least two-thirds of the votes cast as well as of all shares represented at the annual general meeting.
