

Digital Marketing Course Batch___ Write Content for Your Website and Practice the following Tasks:-

You are advised to write down the contents for your website project:-

1. For this purpose you need to decide on what products and services you want to build your website.
2. Plan for the number of pages you want to create in your website. Initially you need to plan at least 10 pages to your website. You are advised to have a blog in your website too. And for this blog you need to prepare 10 posts in the beginning. Keeping in mind you have to prepare contents for your website and blog.
3. Next thing is to prepare:-
4. 10 Graphics to add to your 10 Pages and 10 graphics to your 10 posts.
5. Make 5 videos and upload it to your YouTube channel. Copy its urls and paste it in any of your pages and posts.
6. Use 5 Facebook Videos embedding into your webpages and posts of your blog.
7. Use 5 Twitter Shares embedding into your webpages and posts of your blog.
8. Use 5 Instagram Videos embedding into your webpages and posts of your blog.
9. Use at least 10 hyperlinks that will open in new windows and 10 in the same windows.
10. Make your all required social media accounts as mentioned earlier in the Form-3. And post at least 10-10 posts using your own ids. Each of your post must contain at least one graphics and one video.
11. Make a page in WordPress Website with the Name All-in-One Page and Use All available options to see and practice how you can add components to your webpages.
12. Complete all the tasks given to you in this page and share its urls to the whatsapp group of your batch.

Wishing you All the Best!
