The Board

The Board leads and coordinates the activities at the Electrical Engineering chapter. The board consists of the Presidium (Chairman, Treasurer and Secretary) as well as six members each representing and leading different committees in the chapter. Their work also includes representing the Chapter in different events with THS, KTH and other schools.

Supraledare tillika Ordförande (Chairman)

The Chairman has the highest power within the Chapter and is responsible for leading the Chapter as well as being the face of Elektro towards THS, KTH and other schools. The Chairman needs to be able to take a lot of responsibility and work well as the leader of a group.

Halvledare tillika Vice Ordförande (Treasurer)

The Treasurer, also Vice Chairman, assists the Chairman in their work, but is also responsible for the Chapter's economy.

Resistor tillika Sekreterare (Secretary)

The Secretary is responsible for writing down everything that is said during the Chapter Meetings and the Board Meetings. They are also responsible for updating the Chapter's regulatory documents as needed.

SNO

SNO is the leader of the Chapter's Study Committee, ESN. They work closely with teachers, THS and KTH to keep improving our education.

AMSe

AMSe is the leader of ArG, the Chapter's connection with the industry. In this role, AMSe functions as a contact between the Chapter and companies looking for electrical engineers and organizes various events to connect students and companies.

Kontaktor tillika Ambassadeur

The Kontaktor is responsible for communication within the Chapter as well as with other Chapters and schools. They handle, among other things, the Chapter's website, emails and social media.

Källarmästare med Styrelseansvar (Dungeon Master)

The Dungeon Master is, together with two other Dungeon Masters, responsible for taking care of Tolvan and makes sure everything is functional and reasonably clean.

Føf

Føf is, together with Öfverskændaren, responsible for organizing the Reception which is held for new students each year.

Vice SNO tillika PAS

Vice SNO assists SNO in leading the Chapter Study Committee, but also represents our Chapter at the School of Electrical Engineering, where they work on improving the program as a whole.

StURe

StURe is part of the Chapter Study Committee and is responsible for improving the study-environment and equality in the Chapter.

Snål-Føf

Snål-Føf is specifically responsible for the economy of the Reception, but also does the planning and organization together with Føf.

bAMSe

bAMSe assists AMSe in leading ArG, as well as being responsible for the economy of ArG.

Revisorer (Auditors)

The Chapter Auditors examine all the work of the board and all committees within the Chapter to make sure that the Chapter's economy is done correctly and that the regulatory documents are correctly followed.

IntSekt

There are many international exchange students at KTH and the School of Electrical Engineering. As IntSekt, International Secretary, you are responsible for the chapter's International Group. The International Group is responsible for helping international students get into the student life at KTH by organizing parties and other fun activities throughout the year.

Vice IntSekt

The Vice IntSekt assists The IntSekt in their work with leading the international group. This post is elected for a 6 month period, January 1st - June

30th.

Carakarlar

The Carakarlar are responsible for keeping the Chapter car in good shape and making sure it is available for those in the Chapter who need it.

Frequensnormalen

The Frequensnormal is responsible for leading all the songs during the many parties and gasques organized by the Chapter. This post is elected for a 6 month period, January 1st - June 30th.

Directris

Elogen is the Chapter's theater group, and Directrisen is it's leader. They are responsible for organizing some kind of theater during the year.

Musikborgarråd

The Musikborgarråd has the task to every Chapter Meeting drink four beers, and then sing a self-composed song at the meeting.
