### Long-awaited Exact PipeCut 360 INOX

The long-awaited INOX pipe saw, developed based on customer wishes, is specifically targeted at stainless and acid-resistant materials. To avoid contamination, all parts in contact with the pipe are also made of stainless steel, so you can work with the most challenging materials without fear of subsequent corrosion on the pipe wall. Have thick pipes been problematic in the past? Not anymore! With a powerful motor this tool can easily cut pipes up to 12.5 / 15 wall thickness. This machine combined with the new INOX blade is unbeatable combination if you are looking for an easy-to-handle cutter for a job where speed and quality of cuts are key factors.
