**Telegram** : **<https://t.me/TheusToken>**

**Twitter** : **<https://twitter.com/TheusToken>**

# Introduction

Theus Yield Protocol Introduces “yTheus” Token & provides a platform for Crypto investors to put use of their funds and earn rewards daily. It gives an opportunity for crypto investors to invest into trending segment within ecosystem of blockchain — “Defi”.

Theus Team focusses on transparency and long term sustainability, rewards distribution has been fair to support the long term sustainability of the project. To focus on the transparency, the staking contract has been audited to safeguard the confidence of the investors.

## Quick Facts

- **Token Symbol** : yTheus
- **Max Supply** : 60000 yTheus
- **Presale Supply** : 18000 yTheus
- **Airdrop to Theus Holders** : 1500 yTheus
- **Rewards** : 18726 yTheus
- **Developers Share** : 3018 yTheus
- **Marketing Share** : 6600 yTheus
- **Uniswap Liquidity** : 12156 yTheus

To further ensure a fairness, staking rewards will be distributed to the users who staked in ytheus pool between Phase1 to Phase10.

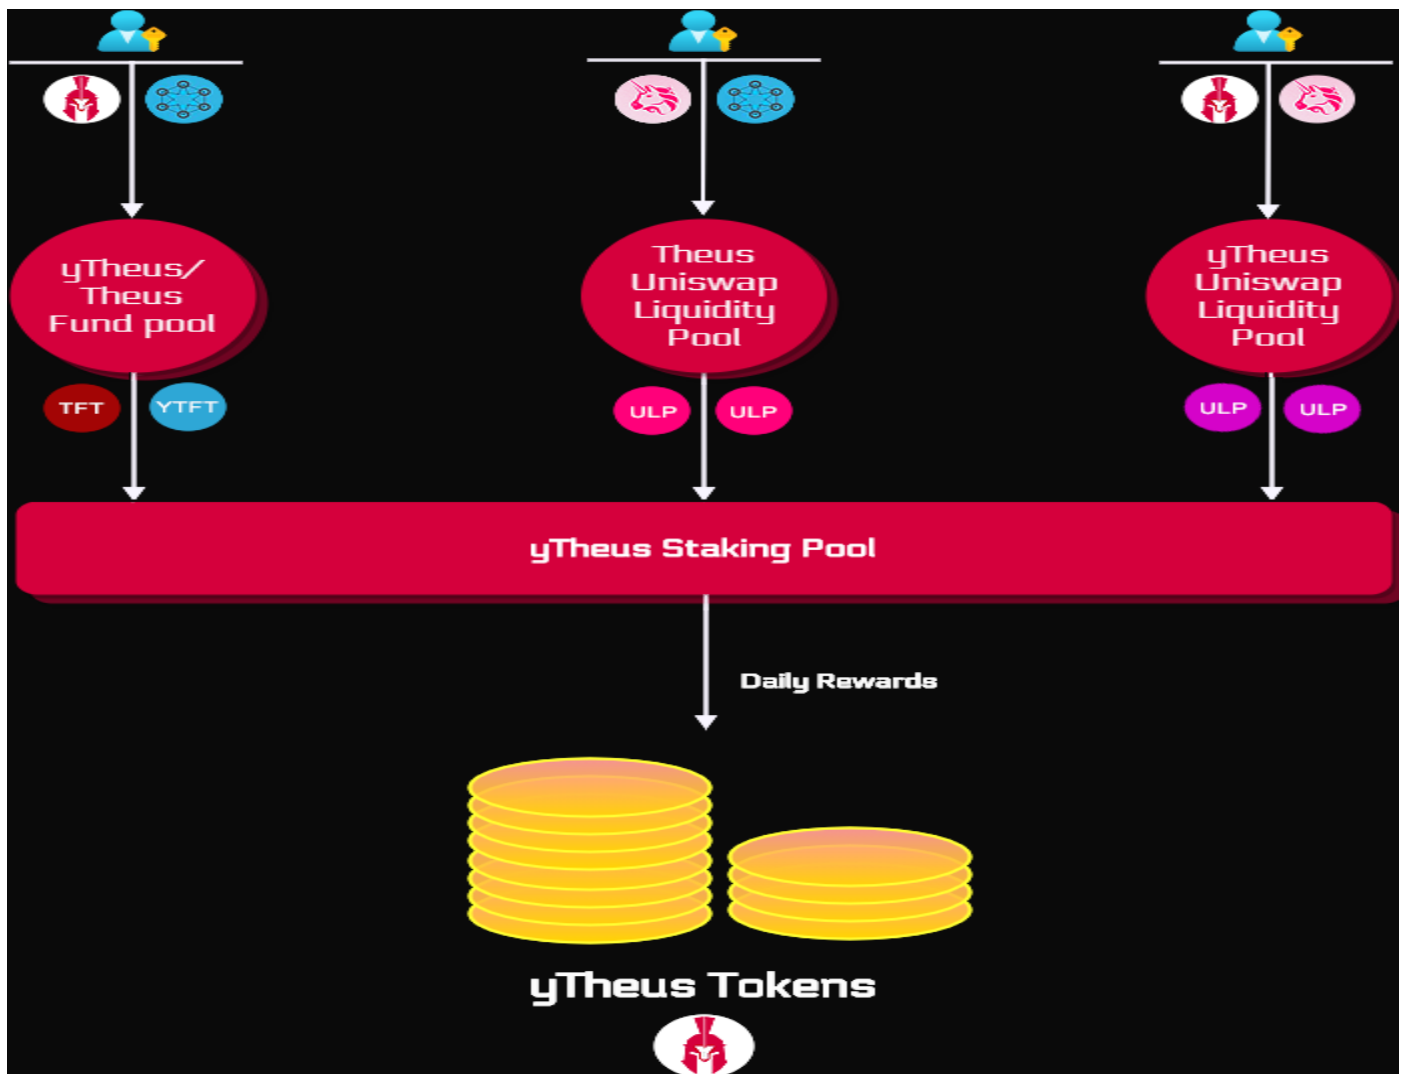

To prevent any unhealthy sell off's, Rewards distribution has been divided equally over 10phases.

# Overview

Theus Protocol currently support 2 different staking opportunities and help the participants earn Theus Yield Protocol Tokens. Daily Theus Yield Protocol Token rewards will be distributed to participants providing liquidity to Uniswap pool when they stake Theus Yield Protocol Tokens.

Users will have an additional option to stake their Theus Yield Protocol Token (Theus and yTheus) to earn additional Theus Yield Protocol Token.

**Phase 1 to Phase 10: Fair Distribution** - The entire 18726 Reward tokens will be fairly distributed during this farming phase to everyone that has staked in yTheus Staking Pools.

# Theus Yield Protocol Contracts

## yTheusToken.sol

- Max supply of 60000 tokens
- Uses Safeapprove and SafeTransfer functions

## yTheusStakingContract.sol

- The contract supports pool additions dynamically and rewards percentage of the pools. Community decides the usage of pools and rewards percentage of pools.
- 95% of total rewards from 18726 yTheus Tokens are allocated for rewards distribution from Phase 1 to 10.
- 5% of total rewards from 18726 tokens are allocated to reward the stakers from phase11-20 onwards.
- Minimum staking duration is 24hrs.
- Users need to mandatorily stake for a min period of 24hrs before they can unstake or claim their rewards.

## Rewards Distribution

yTheus Staking rewards will be allocated on a daily basis & distributed to all stakers on the various pools. The daily rewards will be different for different pools based on the percentage allocation.

After Phase 10, the contract begins to use 5% rewards from Previous Total Phase 1 to Phase 10 rewards for rewards distribution.

### Disclaimer

Theus Team strongly recommends you to fully review the contracts. Team nor any members have any control on the pricing once the tokens are listed on the exchange.
