151 CONTACTS

As part of the wider 5 year partnership between Callaway Golf and The European Tour - Callaway Apparel is now The Official On Course Apparel brand. Our authentic to golf products will now be used across the globe by all European Tour associates to meet the demands of diverse climates and weather conditions. They join our brand ambassadors on tour who already rely on our product performance week in week out.

WEATHERSERIES™

Innovative. Performance-Driven. Authentic. Callaway® Apparel is the ultimate combination of golf authenticity and classic style. Always innovative, always an out-performer. Callaway Apparel is designed for those who love the game of golf. It represents where the game has been, and where the game is going. Our mission is to create the best golfer in you.

INSULATION AT THE HIGHEST LEVEL.

PrimaLoft® offers functionality at the highest level: Water-repellent and breathable, the insulation filling protects the body from moisture and keeps it dry and warm. In addition to optimum thermal output in all weather conditions, the PrimaLoft® technology simultaneously ensures a low weight without a large volume. The result is a soft, snug fit.

- 100% Recycled Content
- Water Resistant
- Superior Softness
- Packable & Lightweight

100% RECYCLED CONTENT: THE PROCESS

'Every decision we make impacts the earth. Take the millions of empty water bottles that are disposed of every year. We decided to save those empty water bottles and give them new life as high performance fibers in our PrimaLoft® insulation and fabrics. It's our way of changing the world, one jacket at a time'.

(<https://www.primaloft.com/pcr/>)

IT'S YOUR BEST CHOICE FOR ANY WEATHER.

SINGTEX has launched new soft-shell engineering in January, 2017. It is called “STORMFLEECE”, which is not just a fleece. It presents a breakthrough technology for textile market. The advantages of “STORMFLEECE” includes: saving carbon foot prints and chemical; light-weight with high-end functions. It was designed for defending strict weather conditions. This new material technology is also selected as FW18/19 ISPO Textrends Award Selection.

- Water Repellency
- Wind Resistant
- Fantastic Performance
- Designed for any weather

SCAN CODE
FOR MORE INFO

WATER RESISTANT
Water repellency /DWR/
Passes rain test standard.

WIND RESISTANT
Wide array of wind
resistant ratings test.

DURABLE
Washing machine friendly
/No risk of delamination.

ABRASION
Fit for outdoor sports.

MODERATE STRETCH
Designed for mobility

BREATHABLE
Dissipates excess heat.

**LESS
MICROFIBER LOSS**
Densely woven minimizes
the chance of losing
fibers during laundry.

SOFT LIKE KNITTED
Looks like woven,
feels like knit.

**LESS
CARBON FOOTPRINT**
Less energy consumption
in production
/No lamination and
bonding process.

SINGTEX®
STORMFLEECE™

LESS RESTRICTION MORE STRETCH.

SWING TECH fuses athletic performance with a classic fit, and game changing innovation. re-engineered construction and materials provide noticeably less restriction and more stretch to maximize your range of motion on every swing.

✓ SWING TECH™

Swing Tech logo placed on back left shoulder seam of product.

✓ **SWING TECH™**

NEXT GENERATION WATER REPELLENCY.

Aquapel™ is the next generation in water repellency performance. Aquapel modifies fabric at the molecular level by permanently attaching hydrophobic 'whiskers' to individual fibers that elevate liquids, causing them to bead and roll right off the fabric surface. It features a hydrocarbon polymer which is both more ecologically friendly and economically smart. The result is excellent performance-liquid repellency that's breathable, durable and fast drying- while remaining both fluorocarbon free and PFOA free.

- Repel the elements
- Resist spills
- Maintain breathability
- Eco-friendly technology

CALLAWAY TECHNOLOGY

Callaway Apparel is designed to protect and provide ultimate comfort for the avid golfer.

✓ FLEX FABRIC

Active waistband and stretch fabrics ensure maximum range of motion and unrestricted movement

✓ COOLING

Transfers moisture away from the body to keep you cool and dry

✓ WIND & WATER RESISTANT

Resists wind and water to protect you against inclement weather

✓ THERMAL

Provides an extra layer of thermal comfort.

✓ UV BLOCK

Keeps skin safe from the sun's harmful rays

✓ DUAL-ACTION

Absorbs moisture inside, repels moisture outside.

✓ OPTI-DRI™

Transfers moisture away from the body to keep you cool and dry.

✓ WATERPROOF

Resists water to protect you against inclement weather

✓ EASY CARE

Machine washable.

✓ SWING TECH™

Provides noticeably less restriction and more stretch to maximize your range of motion on every swing.

✓ VENTILATED

Allows air to flow freely through the fabric to keep you comfortable.

✓ STRETCH

Fabrics that move with you to increase your range of motion.

✓ TRUESCULPT

Ladies: Smooths your shape.

✓ UV BLOCK

Keeps skin safe from the sun's harmful rays.

✓ ECO

Sustainable and wearable performance fabric made with recycled materials.

A close-up portrait of a woman with a serious expression, looking directly at the camera. She is wearing a white knit beanie and a dark blue high-necked waterproof jacket. Her hair is styled in a braid that hangs down on the right side of the frame. The background is solid black, and the lighting is dramatic, highlighting her face and the texture of her clothing.

EMBROIDERY

- **SUPPLY US WITH YOUR LOGO**

This should be a high resolution electronic PC compatible artwork file, supplied in any of the formats shown below:

These files should be readily available from your marketing department or your advertising, design or pr agency. Please ensure that any fonts used within your logo file have been converted to outlines. You can supply your electronic file on CD or by e-mail.

Other logo formats: If necessary we can also potentially work with other high resolution (300dpi) file formats of PSD, TIFF, JPEG, BMP, GIFF or even a good quality printed copy of your letterhead, compliments slip or business card. However please note that if it is necessary to work with any of these alternative formats, this can cause delay and may incur additional charges.

- **COLOUR REFERENCES**

Please supply us with any Pantone (pms) colour references or run sheets detailing the thread colours required for embroidery.

- **ARTWORK PROCESS AND PROOFING**

Our studio production team will apply your logo to the products that you have selected and a pdf proof(s) will be sent out by e-mail to the contact address you have supplied. Once you are satisfied with the proof(s) and confirmed your approval we will commence production of the finished products.

- **SHIPPING**

We work to some of the tightest production lead times in the promotional industry and will always work with our customers to endeavour that we meet your required deadlines.

LOGO POSITIONS & EMBROIDERY TYPES

1. Wearer's Right Chest
2. Wearer's Left Chest
3. Wearer's Left Sleeve
4. Back of the Neck

Please Note: Apparel logo size will be approximately 70mm, please request other size preferences at point of ordering.

Our thanks to Ullna Golf Club for the use of the club

A. CLUB COLOURS. Colours will be as provided in the original artwork file.

B. COLOUR CO-ORDINATED COLOURS WILL be co-ordinated with the existing logo(s)

C. TONAL COLOURS will be shades lighter or darker than the base colour of the garment. or trim on the garment.

D. MONOCHROMATIC SINGLE COLOUR embroidery which matches the base colour of the garment.

Please Note: Outside of 'Club Colours' all other selections are subject to the interpretation of Callaway. An 'Artwork Proof' form will be forwarded for approval before we commence production.
