ONA Single storey timber extension. Comments required by Friday 6th March 2020**

P1/20 The council discussed the application, its history and the advice provided by CDC from previous applications and pre planning. It was agreed that the advice had not been followed in this application and although in principle the Council had no objection to an extension to the North, they felt that the design could not be supported. A draft response was presented by C.Britton and a final response agreed by all for submission by the Clerk.

The meeting finished at 7.00pm

I confirm this is a true record of the meeting:
