Dear Beverley

In these difficult times we had arranged a Zoom meeting to discuss the above application but it had to be cancelled so I, as Chairman of Graffham PC Planning Committee, am writing to state that by way of an email exchange with my fellow councillors we have discussed the application and have received an unanimous vote to support this application. Whilst we have not held a formal planning meeting open to the public would you please accept that five councillors, who are all Graffham Parishioners, have indicated as individual parishioners their support.

Yours sincerely

Sandy Macqueen

Chairman of Graffham Parish Council Planning Committee
