

CENNTRO

Logistar 200

Electric Light Commercial Vehicle for Professional Logistics Solutions

100% electric. Petrol-free, low noise, zero pollution.

Multiple Variations

- 3 variations are available: cargo box, pickup, and van.

Excellent Load Capacity

- 1000kg payload and 6.9m³ cargo box.

Legal and Compliance

- N1 certified and street legal.

Ultra-Fast Charge and Long Range

- 45min fast charge cycle for 60% SOC, 310km range at full charge.

Ergonomic Design

- A capacious cab, equipped with an air-conditioner, ergonomic seats, and deluxe decorations, provides the best driving experience.

Logistar 200

Flexibility and Versatility

Logistar 200 is a city logistics expert. Besides its outstanding carrying performance of a 1-ton payload and 7m³ volume, three structure designs empower Logistar 200 to meet multi-purposes.

City Delivery

Goods Transportation

Leasing Renting

Hospitality Catering

SOS
Emergency Rescue

Basic Information

	Cargo box	Van
Vehicle Size(L*W*H)	4770*1640*2485mm	4421*1677*1902mm
Cargo Box Size(L*W*H)	2700*1610*1595mm	
Wheel Base	3050mm	
Cargo Volume	6.9m ³	4.7m ³
Curb Weight	1480kg	1410kg
Gross Weight	2550kg (=5620 lbs.)	
Payload	1000kg (=2204 lbs.)	1010kg (2227 lbs.)

Performance

Max Speed	80km/h
Grade Ability	20%
Max Range of Pure Electricity	310km (=192.6mile)
Rated/Peak Torque	90/220N.m

Electric System

Battery Type	LFP
Battery Capacity	41.9kWh
Charging Method	Fast Charge 20-80%: 45min Slow Charge 20-100%: 11-12h
Electric Motor Type	Permanent Magnet Synchronous
Rated/Peak Power	30/60kW

Detailed Configuration

- E-Call • ESC
- EPS • ABS • EBD
- Reversing Radar
- Reversing Images
- Front Air-conditioner
- 10 inch Central Control LCD
- Cooling Mode if Motor Controller
- Battery Electric Heating System

Ready to work, day in and day out.
