

HEYMAN 42' PPH STANDARD SPECIFICATIONS, OPTIONS AND PRICING /2024-12-05

Please note that the PPH's standard specifications below include a long list of items you would expect on a first-class yacht of this kind but which will almost always be found as options on yachts from other manufacturers:

A Side-Power bowthruster, a Flexofold bronze propeller, B&G instruments plus B&G autopilot with Jefa autopilot drive, a Seldén rig with electric in-mast furling, twin headstays with TDE electric under-deck furling for both the self-tacking jib and the reacher, Andersen electric winches, a Lewmar chromed bronze electric windlass, Spade anchor and 50 m calibrated chain, big tank volumes, a generous Victron battery bank, Victron charger and inverter, and much more.

Inside you will find a queen size double bed in the owner's cabin with a sprung mattress, a well-equipped galley with a pull-out fridge + separate fridge/freezer, good locker and drawer space and many details, like a drying cabinet for the dishes. The windows in the pilot house are insulated, there is a lovely bathroom and plenty warm water.

Base price for a PPH equipped as per above, bottom painted, with white composite panels & bulkheads, a varnished interior made from Khaya mahogany and Flexiteek in the cockpit

€ 683 000 + VAT

Please note: If you wish to compare the standard price of the PPH to other yachts, remember that all or most of the items mentioned above - even if regarded as necessary or at least desirable for a yacht in sail-away condition - would be listed as options. The price for a PPH in similar stripped down condition is **€ 544.000**

For other requirements or preferences, please contact us for a price quote!

STANDARD SPECIFICATIONS
