

Dear members!

We had a lovely summer and hope for a nice warm beginning of the autumn 😊

Inspection walk-through

All apartment needs to be checked and compared to the 5-year inspection of our building. That means that we need to gain access to all apartments for a few minutes. More information about this will be given later on in you post box.

Autumn cleaning day!

Soon it is time for our yearly autumn cleaning-day on the courtyard, we will return with dates later, but somewhere in the end of September/beginning of October. More information is posted on one of the usual information points.

Waste management

“Groavfallspunkt” for coarser waste is located on Valkyriavägen 1 in Rissne. A recycling station is located at Milstensvägen 42 here in Ursvik. Brown paper bags for food waste are picked up outside the vacuum cleaner on Gamla Enköpingsvägen 145.

For more information about what can be left where, opening hours and what other options there are available, see

<https://www.savab.se/lagenhet/lamna-avfall/>

In our garbage tubes in the yard, you can only throw away combustible garbage, food waste and newsprint paper. If the tubes are full, try the tube on the other side (we have two sets). **It is not permitted to push waste into an already full tube, neither to put the waste on the ground, in stairwells or basements.**

On our website

www.hjortronstallet.se there is

more information about waste managements and pests.

Fastighetsägarna

Fastighetsägarna are our property managers and have full management with us. Report any faults regarding the building or the yard to them.

We have noticed that the cleaning in stairwells and courtyard has not kept the quality we aim for and have therefore pointed this out to Fastighetsägarna, who have taken measures to make it better.

Best Regards /*Styrelsen*

Do you have any question regarding our association or your home? Visit our website

www.hjortronstallet.se

If you don't find what you seek, or if you have question for the board, please send us an e-mail to styrelsen@hjortronstallet.se

You can also contact us by physical mail, there is a post box on both Mönstringsvägen 1 and Skördegatan 4. (It is faster by e-mail though)
