

NEWSLETTER

Dear friends and colleagues,

INCEPT is planned to be initiated by the GCP-unit 12 June at Rigshospitalet, after which we hope to enrol the first patient in the Albumin domain.

Two other DK sites (Køge and Aalborg) will hopefully also be initiated in June, so that we can run 3 sites in July and learn from this.

Updates

Stakeholder Involvement:

We have held two research panel meetings on the Thromboprophylaxis domain - one in the Netherlands and one in Denmark – focusing on feedback for the lay summary and informed consent.

Additionally, the research panels in both the Netherlands and Denmark are currently discussing the core outcomes and their preliminary perspectives on how to discuss definitions.

The aim is to gather key perspectives before all research panels collectively review and agree on the definitions for each core outcome.

This will prepare the ground for the next step: evaluating into outcome measurement instruments (OMI's) for all six outcomes.

Methods:

No updates.

Data:

No updates.

Funding:

Grant applications for the AFIB and Bicarbonate domains will be submitted late May to the Danish Research Council

Clinical domains

Albumin domain:

Initiation planned for June 12.

Thromboprophylaxis domain:

The INCEPT-Thromboprophylaxis domain specific appendix has been sent to the INCEPT management committee for approval.

Continuous glucose monitoring domain:

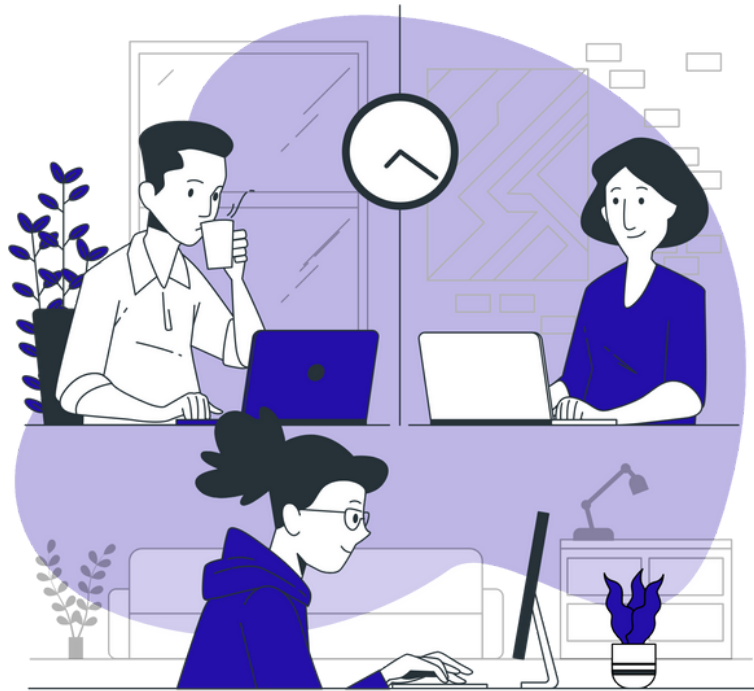

No updates.

Dexmedetomidine domain:

A survey has been conducted, and an observational study is being designed.

Bicarbonate domain:

This domain will evaluate whether intravenous sodium bicarbonate improves outcomes in patients in the intensive care unit with metabolic acidosis.

Three smaller studies are ongoing to inform the trial. These include a systematic review, a pharmacy-based study, and an observational study. Trial funding is being applied for.

Vasopressin domain:

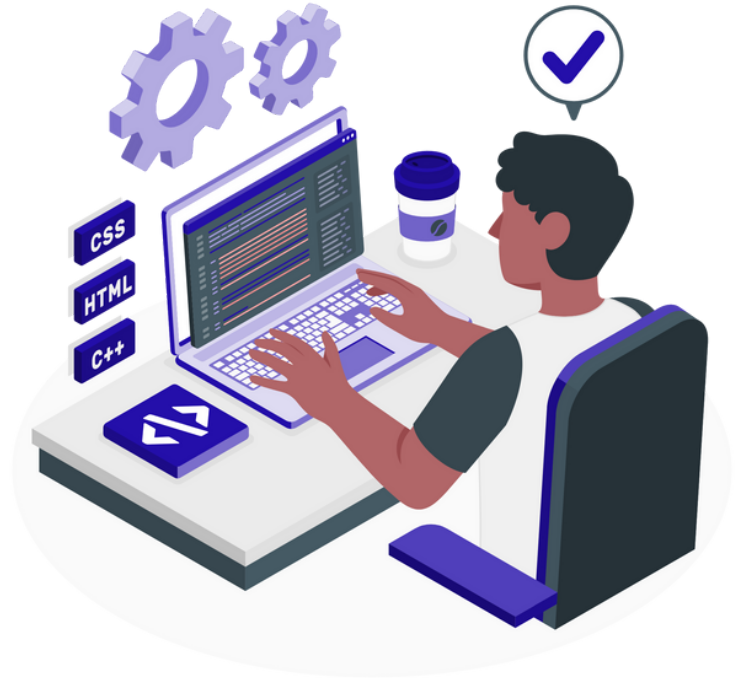

A survey is being developed.

Calcium domain:

A survey is being developed and a cohort study is considered.

Atrial fibrillation domain:

A synopsis is being developed.

If you have any ideas, suggestions, or updates to coming or previously discussed domains not listed above (i.e., domains that are early in the planning phase), that you would like to discuss at future meetings, please reach out to Morten (morten.hylander.moeller@regionh.dk).

With collegial regards,

Anders Granholm, Anders Perner, Morten Hylander Møller,
Benjamin Skov Kaas-Hansen, Maj-Brit Nørregaard Kjær, and Rikke Faebo Larsen

on behalf of the INCEPT Coordinating Group
