

NEWSLETTER

Dear friends and colleagues,

Good news!

The hard work from many resulted in the enrolment of the first participant in INCEPT-Albumin at Rigshospitalet 30 June 2025.

Over the summer 3 sites (RH, Aalborg and Køge) will include and learn the better way of running INCEPT-Albumin and navigate the EasyRF.

We will start-up more DK sites from August and onwards and seek approval for enrolment in

INCEPT in the other countries once the next domain (Thromboprophylaxis) is approved (the domain specific appendix (DSA) was submitted in CTIS 27 June 2025) – again after hard work from many.

The authorities have 60 days to access it.

Updates

Stakeholder Involvement:

No updates.

Methods:

No updates.

Data:

We are now live. Sites that are preparing for initiation are welcome to contact us to get access to the test system.

Funding:

Grant applications for the funding of new domains have been submitted by some of the clinical domain working groups.

Clinical domains

Albumin domain:

First participant enrolled. A few non-substantial modifications to the DSA were submitted together with the DSA for INCEPT-Thromboprophylaxis.

Thromboprophylaxis domain::

The domain specific appendix (DSA) for the Thromboprophylaxis domain has been submitted in CTIS in June 2025

Continuous glucose monitoring domain:

No updates.

Bicarbonate domain:

No updates.

Atrial fibrillation domain:

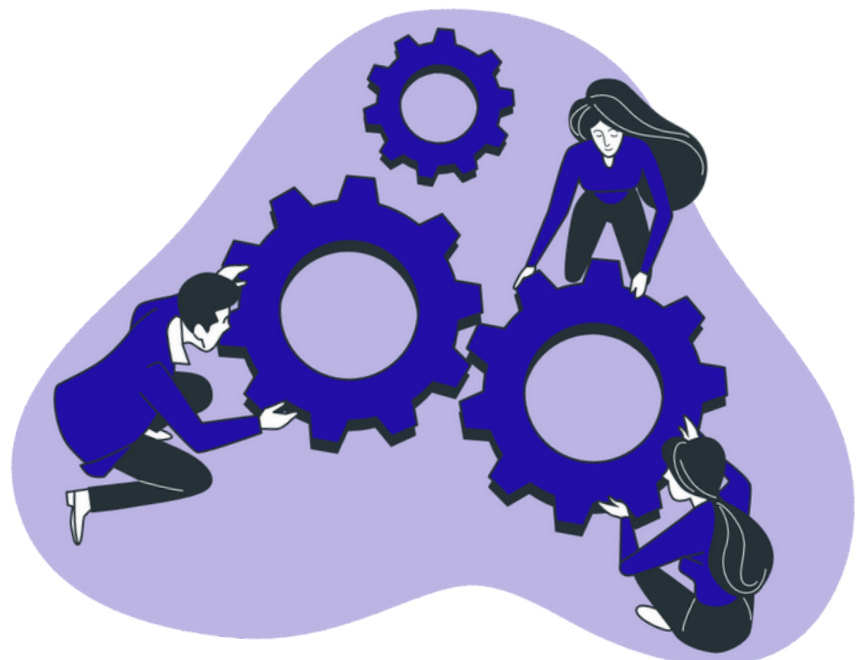

No updates.

Calcium domain:

No updates.

Vasopressin domain:

A survey regarding Vasopressin and Epinephrine as second-line vasopressors in septic shock has been distributed nationally in Denmark. An international distribution of the survey is planned. Moreover, a synopsis for a potential future RCT based on the survey results is currently in development.

If you have any ideas, suggestions, or updates to coming or previously discussed domains not listed above (i.e., domains that are early in the planning phase), that you would like to discuss at future meetings, please reach out to Morten (morten.hylander.moeller@regionh.dk).

With collegial regards,

Anders Granholm, Anders Perner, Morten Hylander Møller,
Benjamin Skov Kaas-Hansen, Maj-Brit Nørregaard Kjær, and Rikke Faebø Larsen

on behalf of the INCEPT Coordinating Group
