yarn types:
curly yarn

material: PP

water permeability:
60 liter/m²

UV resistance:
8 years

total weight:
4150 g/m²

backing:
PU

pile height:
35 mm

length available:
15 m

widths available:
1,5 m

all rights reserved to alter technical specifications

The diagram features a central 3D perspective view of a rectangular mat of artificial grass. Green arrows point from various technical specifications to the mat. A circular inset at the top left shows a magnified view of the curly yarn. Another circular inset at the bottom left shows the PU backing. To the right, a sun icon is positioned above the UV resistance specification. Below that, a vertical ruler with a scale from 1 to 6 is shown, with a green grass blade illustration indicating a pile height of 35 mm. At the bottom, a green bar contains a horizontal line representing the 15m length and a target icon representing the 1.5m width. A green footer bar at the very bottom contains the text 'all rights reserved to alter technical specifications'.
