Bumi Indojoya Gemilang established as a company in 2018, but the vision it self is actually built long before that.

Everytime our founder Mr. Robert Franciscus doing his business trip through many places in Indonesia his heart is always moved by the richness of resources that this nation potentially have, but not maximally explored and utilized.

Moved by the vision, Bumi Indojoya Gemilang is established as an effort to explore, develop and maximalize Indonesian resources by embracing and promoting local community as a synergy to produce the best commodities and products of Indonesia's resources and dedicate them to the world.

As for now Bumi Indojoya Gemilang is focusing on coconut products and its derivatives. By keeping our values : "Quality, Healthy and Natural" close, we continually developed as the trusted supplier for our loyal customers around the world.

OUR VISION

We are committed to dedicate the best of Indonesia's natural resources to the world.

Through engagement in market driven innovations and products superiority, we build our strong foundation to become the market leader in world's coconut industry as well as giving the best to the community.

OUR MISSION

In the terms of building our vision we are holding up to our main values and set them as our mission.

And those values are :

Quality - we try our best by following a strict operational procedure to make sure that every resources and products that we produce is always in the highest quality standard.

Healthy - we always make sure that every processing step of our products meet the health standard and therefore it will be safe to used by our customer and even help them to maintain their health.

Natural - we only bring the best resources from mother nature and processed them in the safest way possible.

WE ARE COCONUT SPECIALIST

Knowledge in coconut

Coconut as the focus of our dedication

Manufacturing skills

Continuously perfecting our skills

Range of product

From industrial use to home kitchen

Dynamic improvement

Eagerly improving both quality and variety of the products

Our business integrates Indonesian local coconut farmers and crafters with the international market.

As a market player on coconut commodity and its derivative products, we continually attempt to develop our products in the term of fulfilling the market demand and keep innovating and upgrading as we proudly move to the front row as a market leader in the near future.

We are not stopping with the copra as industrial commodity, but also expand our reach to other coconut products such as edible copra, coconut sugar, vco and cno. Those are consumer products to fulfill daily needs and even health maintenance.

We are always here to serve your needs for coconut products and are on a look out for partnership that will bring social inclusiveness, environmental conservation and economy stability to our business and society.

An aerial photograph of a vast coconut plantation. A straight dirt road runs through the center of the image, flanked by dense rows of coconut trees. The shadows of the trees are cast onto the road. In the distance, a person is riding a motorcycle on the road. The background shows rolling hills under a clear sky.

WHY DEAL WITH US ?

If you are dealing with us, it means that you are not only dealing with us as a company, you are also dealing with us as a representation of **Indonesian coconut farmers and crafters.**

*A company
is only as good as
the people it keeps.*
