**Company Profile**

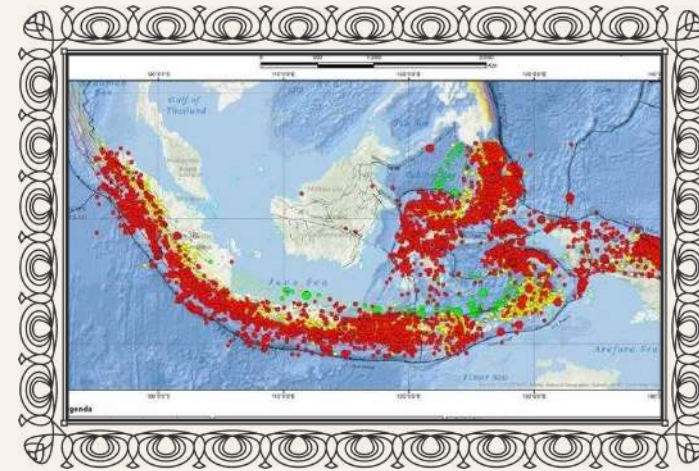

## About Us

**"Jalapati consolidates Indonesian high Quality arabica coffee bean from selected local farmers community and bridge them to access global market."**

Indonesia is located in the Pacific ring of fire, and is the 3rd country with the most number of volcanoes in the world with 139 volcanoes. This expanse of volcanoes makes Indonesia the lungs and heaven of the world.

Indonesian coffee is grown in volcanoes, the soil is very rich in minerals that do not exist in other countries. This makes Indonesian coffee has a distinctive taste.

Jalapati brings coffee from Indonesia's mountainous paradise. Our plantations are small in scale and our capacity is only 350,6 tonnes per year, but we are constantly learning and in the process of maintaining the quality of our coffee and forest ecosystem. So that Jalapati can continue to provide quality coffee to you and satisfy your customers.

**We continue to innovate and apply ethical trading standards in all of our trading activities, with principles of fairness, transparency, accountability and credibility.**

**Based on these trading principles, we continuously strive to select and collect sustainably grown coffee beans throughout Indonesia.**

**Our plantations are small-scale to always preserve the forest.**

**Our Quality Control is carried out continuously.**

**We provide economic value for small farmers.**

**Our coffee is picked by hand to always maintain quality.**

**We employ housewives around the farm for a better life.**

**We provide jobs for the youth around the farm site. So they can be productive.**
