COMPANY PROFILE

ABOUT US

We are an official exporter and general trading company registered with the Ministry of the Republic of Indonesia, our focus now is to become the most important part of the agriculture and plantation sector, to market abundant and quality crops.

The superior products we market include the coffee plantation sector located on the slopes of the Puntang and Pangalengan mountains as well as other agricultural sectors such as cardamom, cloves and ginger. All of these products come from West Java, Indonesia. These sectors are managed by coffee farmers who are reliable and able to do things in detail, from planting, maintaining and harvesting, so as to produce high quality agricultural products.
