

OT is a consumer goods company that produces a wide range of daily necessities. From a traditional health drink with consistent use of high quality ingredients and standardized processes, OT is increasingly becoming a modern enterprise, without parting from the positive values and dignity instilled by the company's founder.

Our products, ranging from food and beverages to personal care products, have since long been part of life for Indonesian consumers. Our established brands include Formula, Tango, Teh Gelas, MintZ, Blaster, Oops, Fullo and Kiranti. In point of fact, for its quality, OT products are offered in the international market, so can now also be enjoyed abroad.

With a focus on consumer needs and through ongoing innovation, OT has launched superior products that were granted various awards from nationally and internationally recognized survey organizations.

Our achievements cannot be separated from the support of consumers, employees, and the values that we have believed in from the beginning. The trust and hard work of many different parties have formed OT into a company that is committed to constantly improve on products and work processes to meet all consumer needs.

HISTORY

OT has transformed from a company that only produces traditional health drinks into a large organization that offers a wide range of daily necessities.

OT began its journey in Indonesia with traditional health drinks. In those early years, public acceptance of its products was good and OT expanded rapidly. Hence, OT build a second factory in Jakarta to support its operations in Semarang.

In this year, ADA was renamed ORANG TUA. The rich brand history and core values had rooted well in the Indonesian society, which presented a huge advantage for the company. After changing the name, the business developed rapidly.

In line with this progress, ORANG TUA decided to make changes to its logo that
