

# AGRO SPICE INDO

## Company Profile

Agro Spices Indo is a company engaged in the business of Indonesian natural products. Our commitment is: to always provide the best products and the best service, as our 3 (three) main taglines, namely: BEST SERVICE, BEST QUALITY, BEST PRICE.

We are an Indonesian Spices supplier. Our company focused on agriculture commodities from raw goods into finished goods. We also have the best worker that already experts in spices. We have the best experiences that make our customers satisfied with every existing cooperation.

Agro Spice Indo was established in 2020 which is engaged in exports, especially Agricultural Products. We work with local farmers who have the best products, through a rigorous selection process and high quality standards. for us to help sell products internationally.

Since the first, Indonesia is known as one of the largest producers of spices in the world. Based on data from the Land of Spices Foundation, there are about 400-500 types of spices in the world, 275 of which are in Southeast Asia and Indonesia is the country that has the largest types of spices, hence the nickname Mother of Spices.

Together with sound strategic foresight and sound management policies, the Company maintains a strong reputation in the field of agricultural products produced.

We can proudly say that we have provided the needs of several countries around the world with professional, best quality and satisfactory.
