# Java Island, Indonesia

Jl. Sidoluhur No. 130 Kec. Grogol, Kab.  
Sukoharjo, Jawa Tengah 57552, Indonesia

## Honey Sweet Potato

Honey Sweet Potato is one of the leading agricultural products from Indonesia. Honey sweet potato is rich in fiber and vitamin A. It also has special minerals and vitamins, namely iron, folate, manganese, vitamin (B2, B6, C, D, E) which are good for the body and skin.

Purple Sweet Potato has a purple skin and flesh. Purple sweet potato is the most popular sweet potato because it has a sweeter taste, sticky, and softer texture than other types. Purple sweet potato is also rich in nutrients that are good for the body.

## Purple Sweet Potato

## Orange Sweet Potato

Orange Sweet Potatoes can be recognized by their brown skin and orange flesh. Contains nutrients, calories, and carbohydrates that are good for the body making orange sweet potato an option to switch to a healthy lifestyle.
