

A person is climbing a large, thick tree trunk in a misty, green forest. The scene is bathed in a warm, golden light, suggesting early morning or late afternoon. The person is wearing a dark long-sleeved shirt and bright orange pants. The background shows more trees and a hazy, mountainous landscape.

COMPANY PROFILE

PRESENTATION BY

PT HARVEST GEMILANG INDONESIA

PT HARVEST GEMILANG INDONESIA

About Us

The initial motivation of our company is because honey has a good content for health.
In addition,

Honey has been recognized in 5 religions in the world.

Where only honey is the only natural product that has the most complete content ever made.

"As long as you eat honey, during that time your body will be free from disease"

PT HARVEST GEMILANG INDONESIA

Our History

Our company has started to market bee products since 2015 until now

Since 2015 our company has helped beekeepers a lot in marketing, educating the public about the benefits of consuming bee products and conserving nature.

In the future, we hope that Indonesian people and people around the world can consume our honey so all of us can live better and healthier

PT HARVEST GEMILANG INDONESIA

Our Values

Vision

Conducting in-depth research and making products from bee products that are able to treat minor and severe diseases so that they can help many human lives

Mission

Provide education about the importance of consuming honey to the people of Indonesia. As well as helping bee farmers live more prosperously in contributing to providing the best quality bee products
