Arabica Gayo Sumatera

Arabika Gayo coffee is well-known in domestic and international markets. It has a reputation as a speciality coffee that has a distinct taste and aroma, as well as a complex flavour, light acidity and strong heavy body. It has a creamy and strong aroma.

ARABICA JAVA TEMANGGUNG

Arabica Java Temanggung

The Java Arabica is a wet processed coffee first introduced by the Dutch to Indonesia nearly three centuries ago. The bean creates a clean, rich cup with Indonesian characteristics without any earthy flavours. Best suited as a good blender, it compliments other beans by bringing along an excellent body and non-invasive flavour profiles that compliment other origin beans without dominating them.
