Global Woodcraft

www.globalwoodcraft.com

Division of Sukses Niaga Semesta that specializes dealing in wooden kitchenware handicraft. We collaborated with local craftsmen to supporting their products and also assisting them in growing together. With strict quality control, we ensure that only the best and highest quality is provided to our customers.

Healthy

Wood is the premium natural and renewable material and the most environmentally responsible choice. We can help preserve our environment by using kitchen utensils that are made from renewable, biodegradable, non-toxic and non-reactive material that will not leave a metallic taste in your food.

Aesthetic

Benefit of wooden kitchen tools is that they look fabulously beautiful and elegant. The creative and artistic design of wooden utensils gives a beautiful appearance to the kitchen.

International Palm

www.internationalpalm.com

Division of Sukses Niaga Semesta that specializes dealing in palm kernel. We ensure that only the best and highest quality palm kernel derived products are provided that customers need at competitive market prices.

By using products derived from palm oil processing waste it will save costs because palm kernel shell can be used as a lower cost alternative fuel and palm kernel expeller as a mixture of animal feed.
