Home Decor Manufacture and Exporter

## COMPANY PROFILE

### ABOUT US

PT. Anastasia Cipta Craft, are a company that supplies and export an eco-friendly basketry product, established since 2022 from a beautiful country, Indonesia. We are reputed exporter company located in Medan, North Sumatera (Office) and Jogjakarta (Production Site). Our specialties are creating distinctive handmade home decor especially baskets made from natural materials such as Seagrass, Pandan Leafs, Banana Leafs, Water Hyacinth, Bamboo and Purun grass. We collaborate with the best craftsmen in town to create a special, stylist and aesthetic high-quality product. Our production site spread across North Sumatera to Jogjakarta and provide on time production process and shipment.

### INTEGRITY AND QUALITY

PT. Anastasia Cipta Craft professional field staff are work together to find the finest and eco-friendly product selections that meet our customer's specific requirements for quality and price. Our craftsman will identify clients need and crafted the product that helps our clients in their business. We never compromise with the quality of the product and always deliver the best of it, therefore, we have Quality Control team to examine and verify the product piece by piece to make sure you have a special, stylist and aesthetic high-quality product.
