11 CONTACT US

We were based in east java, Indonesia. We focused on producing and distributing bioenergy sources such as all types of charcoals, briquettes, wood pellets, and wood chips.

PT. Sekawan Inti Komoditas is the leading producer and distributor conducting business in the local and international trade sector. We are a company manufacturing various bioenergy source products with high quality material.

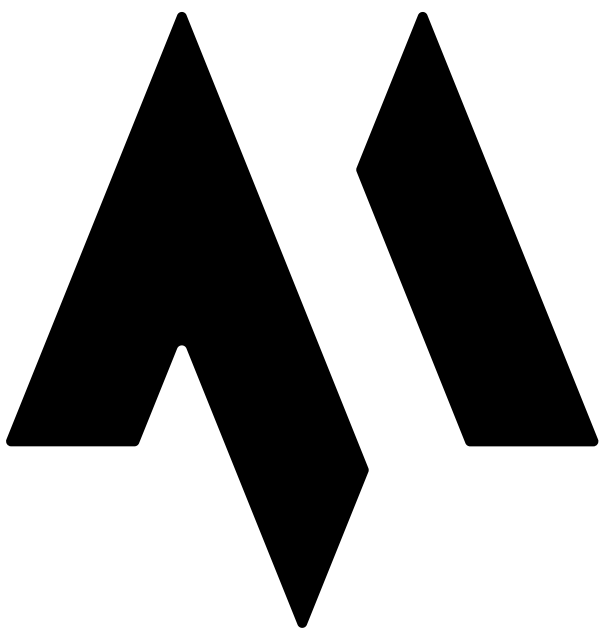

Our product priorities are environmentally friendly, high quality, and convenient packaging that could make our customers feel safe and satisfied and receive suitable packaging and delivery in the shortest possible time.

VISION & MISSION

04

Become the leading provider of innovative and high-quality bioenergy source products in the world.

Serve customers from all over the world with truth, keeping word, fairness, and respectful treatment.

We develop, manufacture, and distribute high-quality bioenergy source products worldwide.

COMMITMENT

Commitment is important, where we will continue to provide the best to our customers all the time. Our opportunity to serve should be viewed as a privilege that is not to be taken for granted

GROWTH

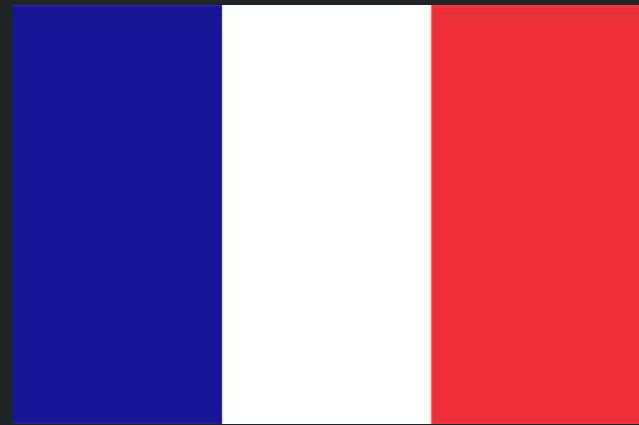

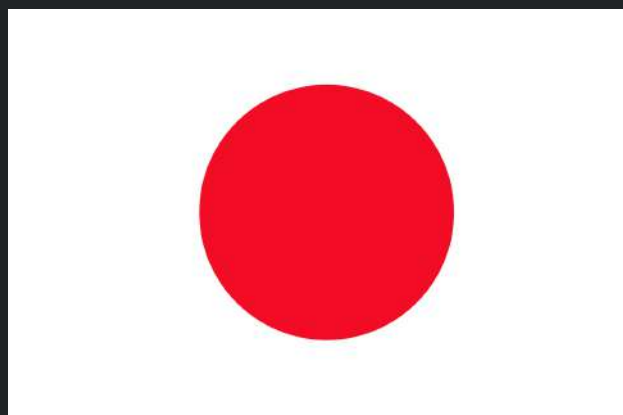

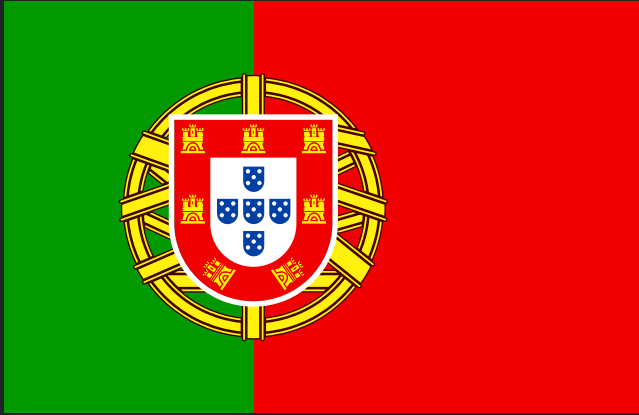

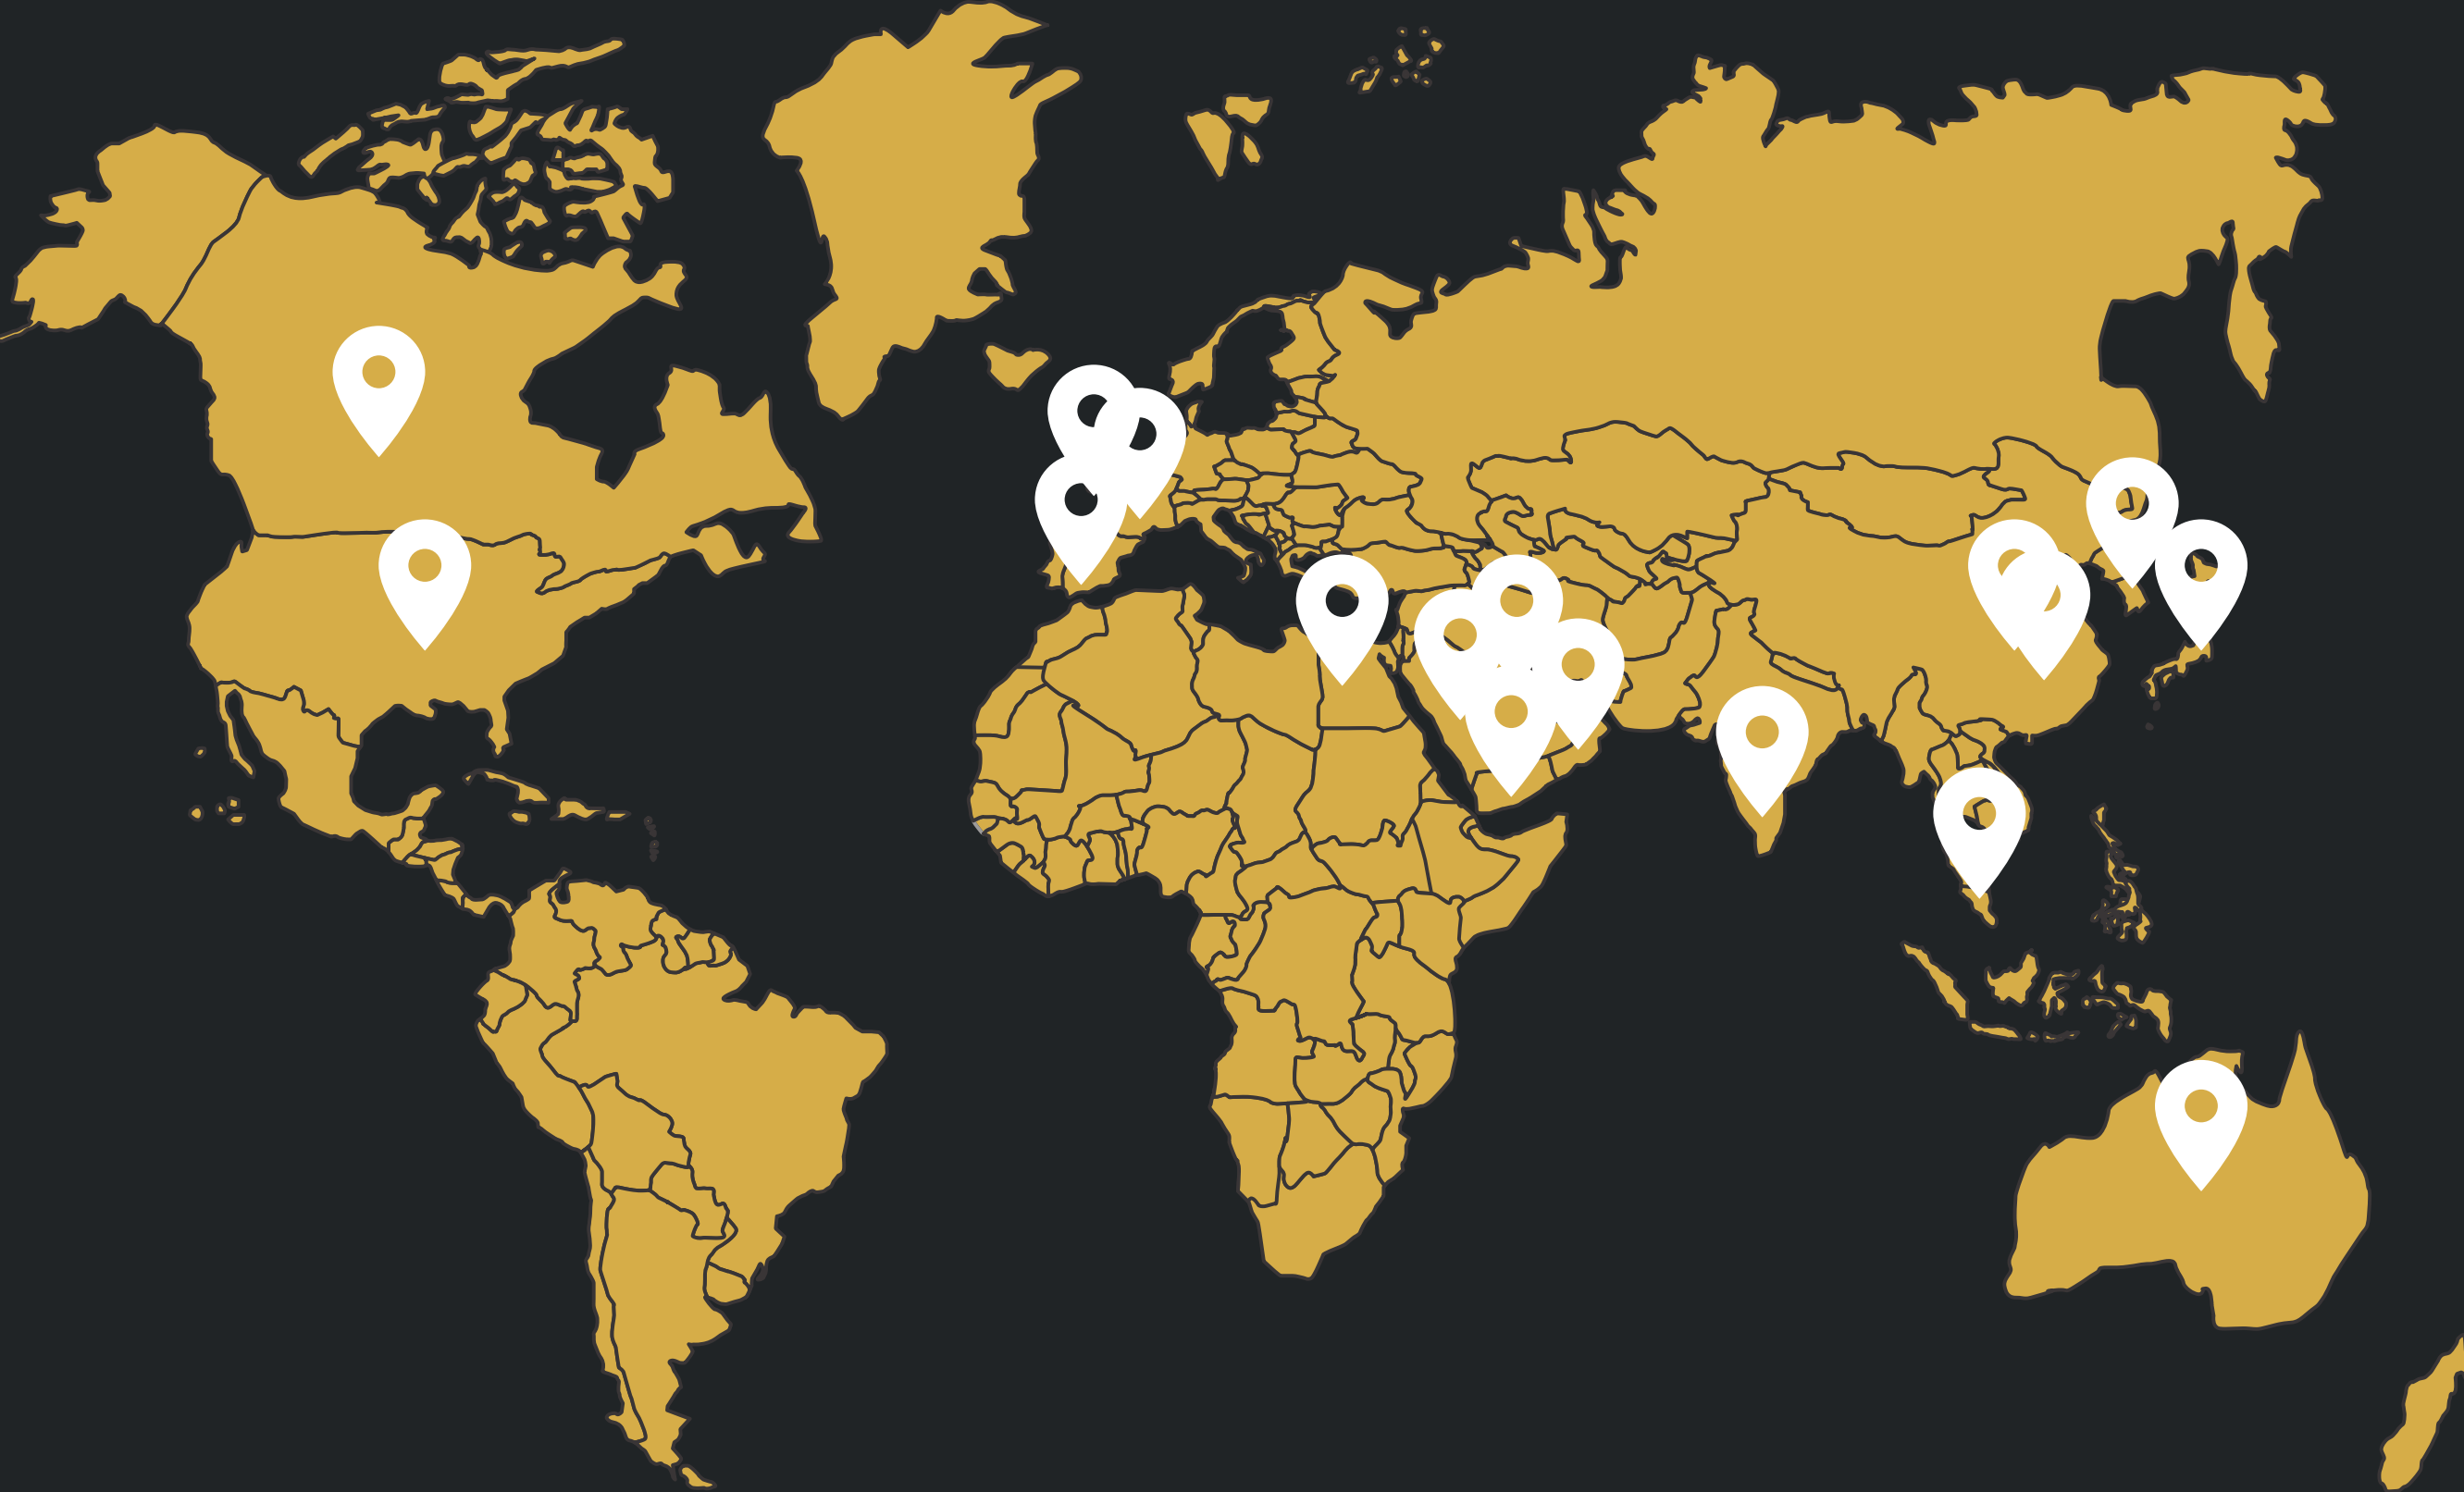

As a company, we should keep learning all the time and always make an innovation for pleasant the customer. Always growth better for customers, environment, and people around

QUALITY

Quality is the most priority that should be sustained, it is exhibited in many ways by selling and maintaining the quality of the products and services that delight the customers.

OUR BIOMASS SOURCES MARKET AROUND THE WORLD

PT SEKAWAN INTI KOMODITAS is a registered company in Indonesia specializing in supplying bioenergy sources. Our company is run by experts in their fields and has a team committed to serving customers with satisfactory service. We source high-quality raw materials from Indonesian Forests with legal permits and supply them to our clients. Our commitment to quality, trust, and consistency has earned us a reputation as a provider of high-quality bioenergy source products.

PT SEKAWAN INTI KOMODITAS also cares about running a sustainable business. As a consequence, certification is an essential element of our journey. As a business actor, certification provides vital information about our performance and areas we need to improve efficiency and productivity continuously. As we advance, we will continue to improve the company's performance by applying relevant technologies to make the production process of bioenergy sources more effective and efficient.

Indonesia is an archipelagic country with very high biodiversity, ecosystem, species, and genetic diversity. This is must appropriately manage this potential to have a long-term impact on human life and the environment.

PT SEKAWAN INTI KOMODITAS concentrate on wood management commodities and their derivatives. Our raw material can be founded in almost all parts of Indonesia. Then to maintain the preservation of nature in Indonesia, we are committed to collaborating with the Indonesian government in carrying out legal management, as well as participating and playing an active role in eradicating illegal logging so that the natural wealth of flora and fauna in Indonesia is well maintained.

PT SEKAWAN INTI KOMODITAS collaborates with various stakeholders from upstream to downstream, from the community to the Indonesian government, to adequately meet consumer demands. The goal is to produce goods of high quality at affordable prices while prioritizing legality and standard of environmentally friendly.
