COMPANY PROFILE

PT ALFA CAHAYA ABADI

About Us

PT Alfa Cahaya Abadi is a trading company engaged in the trade of spices such as: Clove, Nutmeg, Cinnamon, Candlenut, Pepper and other spices that focus more on spice export trade activities.

We have established professional cooperation relationships with many farmers in Indonesia to provide quality spices.

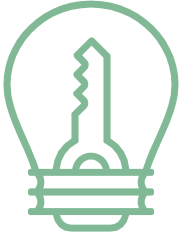

We have approximately 7 (seven) years of experience in serving and meeting the needs of our buyers from various countries.

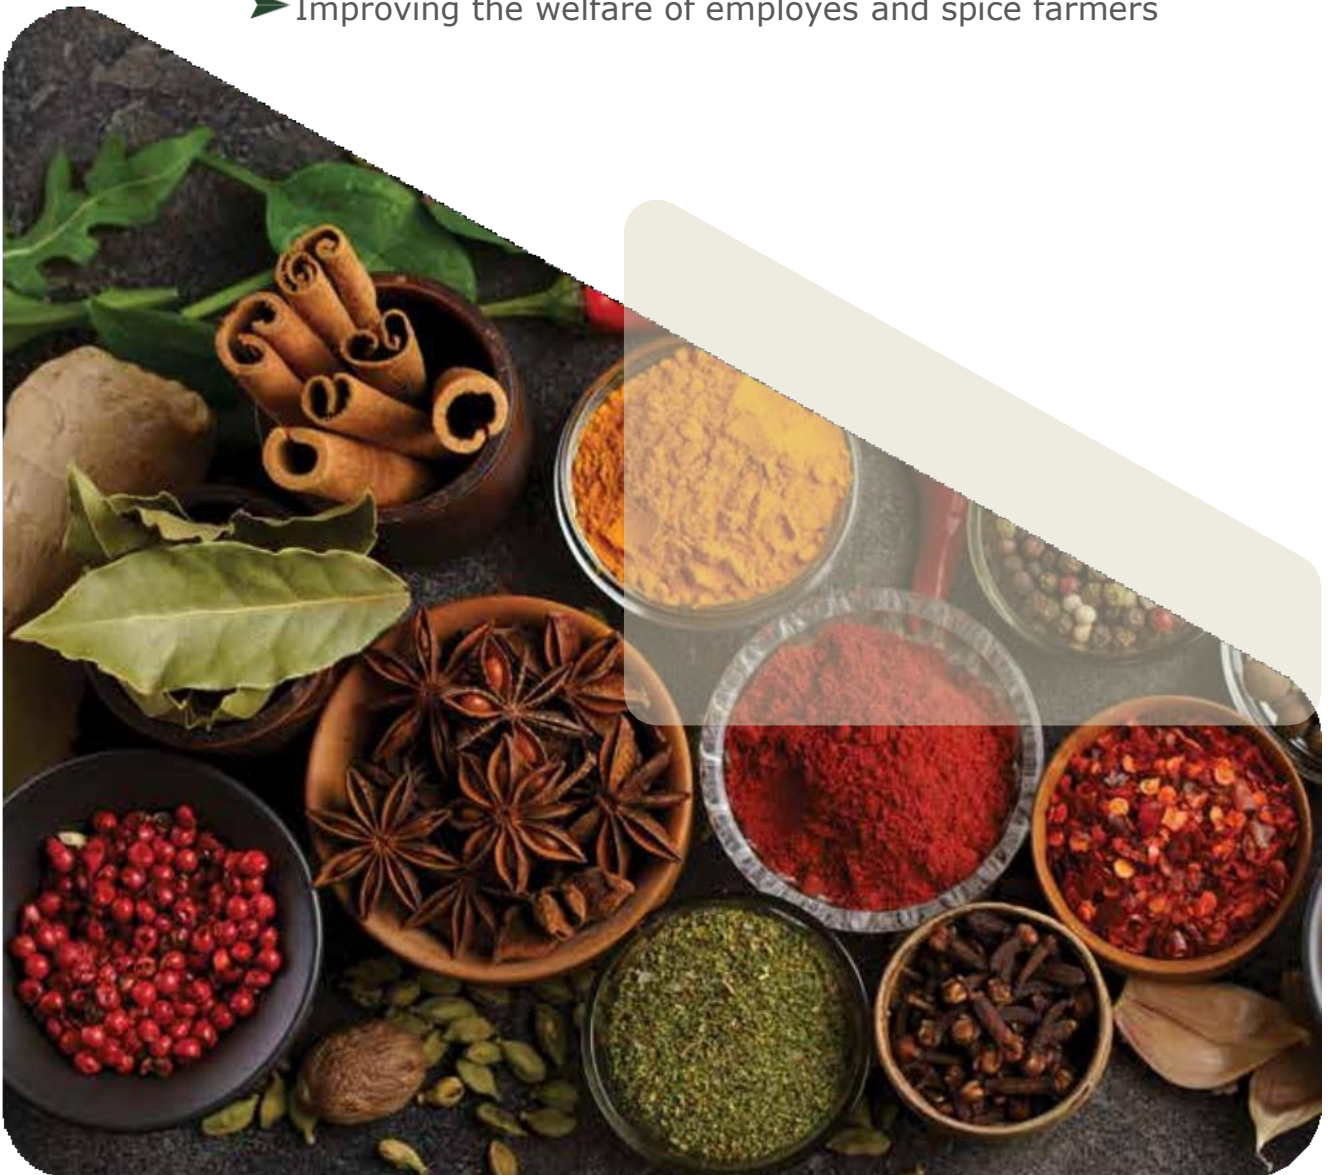

Our Vision

To become a company that is able to compete and develop in the future, especially in the field of Spice Export trade.

Our Mission

- Prioritizing product quality, product quantity and maximum service so as to create trust and loyalty for consumers.
- Prioritizing customer satisfaction.
- Providing quality products
- Improving the welfare of employes and spice farmers

Our Products

Cloves

Cloves is a plant that is widely known for having a distinctive aroma.

Usually, cloves are used as a seasoning in the kitchen to strengthen the fragrance of dishes.

Nutmeg

Nutmeg is a spice that is usually used as a seasoning in cooking. This fruit contains various nutrients that are good for the health of the human body.

Cinnamon

Cinnamon is a spice known as medicinal and is often added in cooking seasonings. Cinnamon comes from the potongan trunk of the cinnamon tree. Part of the bark of the tree trunk is then extracted. As it dries, it will form like pieces that roll into rolls.

Our Products

Candlenut

Candlenut is one of the seeds of a plant that is often used as a flavoring. However, in addition to being used as a flavoring, the seeds that are other than moluccana leuroides turn out to have a myriad of health benefits.

Black Pepper

Black Pepper is not only a cooking spice, it also contains a chemical called piperine. This piperine is thought to have many benefits for the body, such as reducing pain and marijuana, as well as helping to overcome diarrhea, malaria, and abdominal pain.

White Pepper

Besides being a cooking spice, pepper also contains a chemical called piperine. This piperine is thought to have many benefits for the body, such as reducing pain and marijuana, as well as helping to overcome diarrhea, malaria, and abdominal pain.
