

COMPANY **PROFILE**

2022 / 23

As a one-stop-shop for all of your quality food and non-food needs, we source and distribute quality food ingredients to all

Worldwide Trade.
Local Impact

Director's Statements

Ilyas Bhatt

CEO

Greetings from the JIVA Family, an Indonesian and Dubai-based food manufacturer, exporter, distributor and export aggregator firm that has been operating for seven years.

We are pleased to provide the market with a high-quality, healthy food option. To meet the needs of our clients, we believe in constant growth, personalized, innovative solutions, portfolio diversity, and a solid supply chain. We strive to build long-term and sustainable relationships by providing the highest level of service and quality products, and we will help you navigate the most comprehensive assortment of products and materials offered from across the world. Fresh, organic, gluten-free, and vegan / plant-based products make up a portion of our product line.

JIVA expanded its private label business in 2022 by establishing the BIRU Naturals healthy lifestyle brand, in addition to the Bold&Ko and Demure&Co fashion labels, inspired by the success of our export gateway platform MadeinIndonesia.com and our flagship brands JivaFoods.

We will continue to invest in the growth and development of this brand in the coming months and years, as well as produce unique and valuable items for healthy living.

In Bogor, Indonesia, and Prism Tower, Dubai, ultramodern facilities complement our innovative approach to business for receiving, storing, and delivering items.

Our cutting-edge facilities in Indonesia and the United Arab Emirates keep intense inventory levels for regional distribution and handle our customers' aggregated orders for more than 50 global marketplaces. Most five-star hotels, catering firms, fast-food chains, retail stores, hospitals, and airplane bakeries are among JIVA's renowned clients. We aspire to build solid and long-lasting connections with our valued customers by providing reasonably priced, high-quality products. We are devoted to increasing our company in CIS and Africa as we continue to strengthen our regional and global footprint in the Foodservice and HORECA markets.

People are the driving force behind JIVA's current success, and their dedication and hard work will continue to propel our Agro, Spice, and Seafood Divisions, as well as our flagship brand, to new heights. We will continue highlighting our fundamental values of integrity, accountability, honesty, and respect while focusing on product development and user satisfaction.

As JIVA celebrates its seventh anniversary this year, I'd want to thank all of our business partners for their support and confidence in our Corporate Divisions.

Ilyas Bhatt

JIVA | GROUP OF COMPANIES

JIVA GROUP is based and incorporated in West Java, Indonesia. The Company was formed in Indonesia by virtue of the Articles of Association No. 3 dated September 03, 2014 made before – SUWANDA SH., Mkn Notary in Kota Cibinong the establishment of which was approved by the Minister of Law and Human Rights of the Republic of Indonesia in the Decree No. AHU-34341.40.10.2014. TAHUN 2014 dated September 13, 2014 currently operating in Real-estate, and is diversifying in E-Commerce business with under brand MADEININDONESIA DOT COM (MIND), aspiring to be Indonesia's No.1 B2B Online Marketplace.

Vision and Mission

The company's brand philosophy is articulated in our Vision, Mission, and Core Values. Based upon these Values is where and why we are consistently and wholly committed to accelerate digital adoption in Indonesia and empowering Indonesian businesses besides building a world class Digital Ecosystem that promotes inclusive growth and business beyond borders

OUR VISION

To be a catalyst in empowering Indonesian manufacturers, corporations, wholesalers exporters, and Indonesia's SME sector while showcasing the best of "Made in Indonesia" products and services in global e-commerce market.

OUR MISSION

To empower as the most preferred and reliable International B2B2C Marketplace for sourcing authentic goods and services from Indonesia at wholesale prices while connecting Indonesian businesses beyond borders.

Seafood Category

Fresh from the Indonesian Ocean

Our seafood products are produced in facilities that are FDA, HACCP, and BRC certified, which enables us to maintain an unmatched level of quality assurance across all of our seafood products.

Additionally, to ensure continual progress, we are now doing research and trials with Indonesia's marine life.

Our objective has been to provide premium-quality seafood while ensuring sustainability.

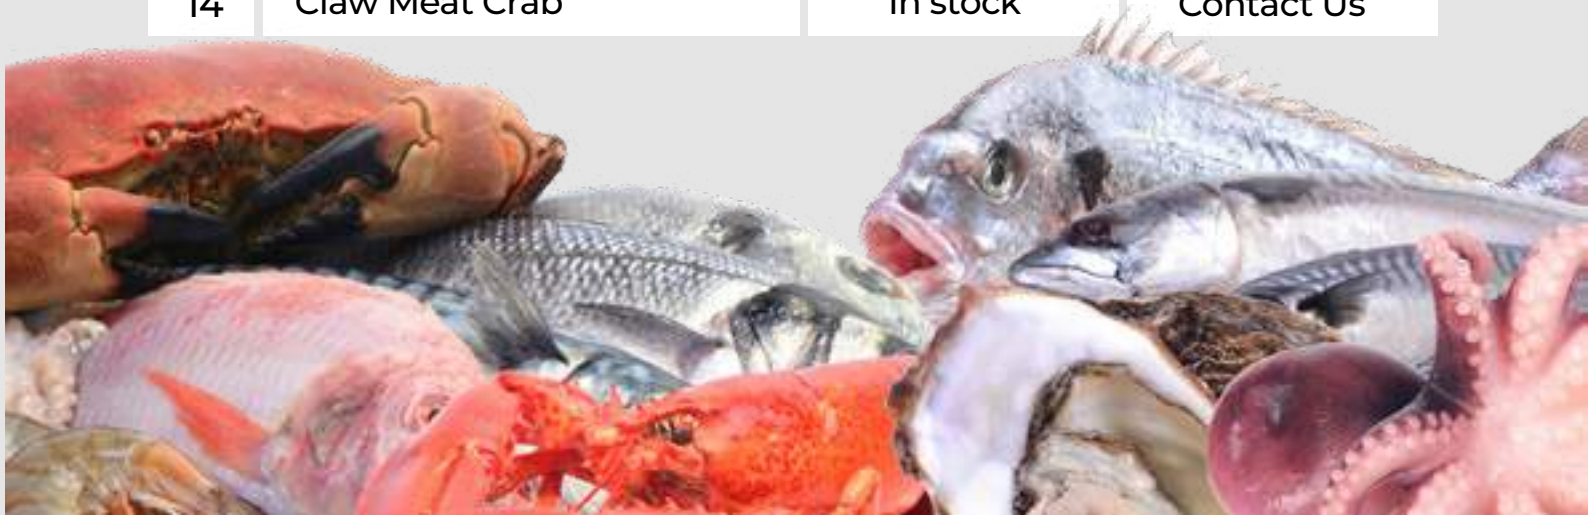

We think that client satisfaction and a human approach to business have become critical components of success. That is why our personnel work diligently to provide seafood of the highest quality.

Our Certificates

Treasures of the Archipelago

Indonesia is the world's biggest island nation, endowed with months of rain each year and volcanoes that provide rich ground for a diverse range of plants to develop. Having said that, Indonesia is one of the largest producers of agricultural products, supplying a variety of commodities to the global market. Cocoa, coffee, edible oil, fruits, spices, and tea are some of Indonesia's well-known agricultural goods.

From Gayo coffee in Aceh, Sumatra to Java coffee in Java, Kintamani coffee in Bali, Toraja coffee in Sulawesi, and Wamena coffee in Papua, there are numerous speciality coffees from Indonesia's diverse islands. Depending on the soil type and land elevation, each coffee has a distinct flavor and scent. Indonesia produces a wide range of chocolate, edible oil, tropical fruits, spices, and tea. Since decades, Indonesia has been regarded as a spice manufacturer. Spices may be used as medication and raw materials for herbal medicine in addition to being used in cooking. It's hardly unexpected, given their benefits, that spices have become one of the commodities with great commercial worth.

**Agro
Commodities
Category**

PT Api Metra Palma (Medco Agro) is a palm planting and processing enterprise with sophisticated technology. Since 1995, when the business began creating plantations through its subsidiary, PT Meta Epsi Agro, the corporation has been devoted to developing a sustainable and partnership-based plantation corporation that contributes to society's welfare.

Medco Agro has extended its plantation and output in tandem with its expansion, hence enhancing its asset growth. Now, the firm manages 28, 595 hectares of oil palm plantation and three palm oil facilities in Central Kalimantan, Lampung, West Papua, Bengkulu, Jambi, and North Moluccas, employing 938 permanent and 3000 contract personnel.

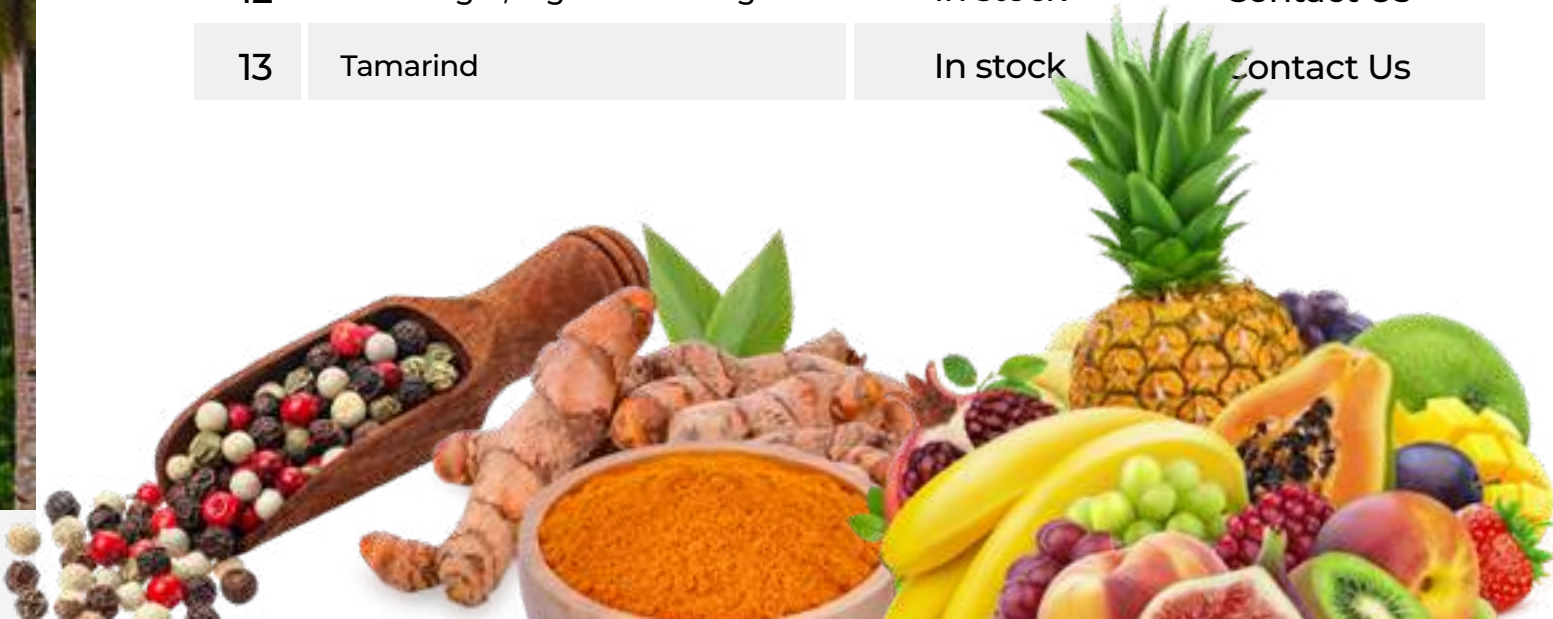

Medco Agro is committed to environmental stewardship and the welfare of the communities surrounding its plantation regions as it grows its company. The balance of the earth, people, and profit are the company's success indicators.

Tropical Fruits & Spices

Who doesn't like a tropical getaway? Use tropical fruits to create relaxing vacation memories that get fruit moving off the shelves. The tropicals category includes a wide variety of often premium-priced and strange fruit. Market those fruits well, and you can see a significant boost to your bottom line.
