

# Think Nature, Think Naturel

# Company Profile

# About Us

Established on 2019, Naturel Spices was born from the passion of our founders driven by their awareness to promote Indonesian spices throughout the world, as we know it Indonesia is a country with culture diversity and has a long history because of its well known spices that attracted most of countries long time ago.

Our founders believe that to introduce Indonesia to the rest of the world is by raising awareness for our resource, spices are one of them, focusing on spices, we believe that people from around the globe are connected with flavor so we keep on innovating to deliver the best quality of Indonesian spices to our customer both domestic and international.

# Our Vision

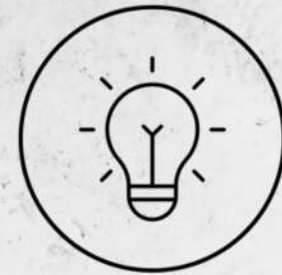

- Becoming the largest Indonesian company to promote the sale of Indonesian spices by empowering our local farmers

# Our Mission

- Empowering our local farmers to achieve the highest international standard for Indonesian Spices
- Promoting Indonesian spices proudly as a part of the well known Nusantara resource
- Creating a sustainable business ecosystem for the welfare of local Indonesian farmers

## A top-down view of various spices and herbs arranged on a light gray surface. The ingredients include whole spices like star anise, nutmeg, cinnamon sticks, and bay leaves, as well as ground powders in small jars and bowls. There are also fresh herbs like rosemary and thyme, and a brass mortar and pestle.
