You need to know that CV. KARYA MUDA DIGITAL INDONESIA is one of the companies engaged in the industry. One of our famous products in Indonesia is goat meat.

Our industrial business has been running for about 5 years and continues to produce quality young goat meat. In addition to young goat meat, we also produce derivative products such as goat legs, goat offal, liver, to pure goat's milk.

When we started our business, what we had in mind was not how much profit we wanted to get from you as a consumer.

Our focus is first on the great benefits we can provide you. We hope that by providing satisfaction to customers can make our relationship even closer.

After conducting a survey, we finally know some of the great benefits you want as a consumer:

- Cheaper price
- Ordered goods on demand
- Items ordered quickly arrive at their destination
- Easy ordering procedure
- Satisfaction you can get

Furthermore, we also conducted a survey about the problems that are often faced by 90% of consumers. The five (4) main problems are;

- Fraud/bogus websites.
- Price is too high
- Items sent are not as ordered.
- Goods do not arrive/lost on the road & the seller does not want to be responsible.
