# Our Story

**AVA Natural focuses on the balance between humanity and nature.**

Established in 2015, we aim to create an Indonesian skincare line that embraces mindfulness.

We believe in being ethical, sustainable, and sourcing natural ingredients in running the business. **We offer a range of world-class quality products, which have supported our way of getting into the global market.**

Up to now, our family has expanded to countries all over the world: such as Azerbaijan, England, Dubai, Laos, Turkey, Vietnam, and still counting.

for more Hope!*

# Our Commitment

Ava Natural believes in good deeds by giving back to communities.

We aim to empower Indonesian women to move toward financial independence. To achieve this vision, Ava Natural is working side by side with Pijar Community: a community that focuses on **women empowerment** *#PerempuanBangkit* (The Rise of Women). Thus far, over 7.000 women and more participate in the program.

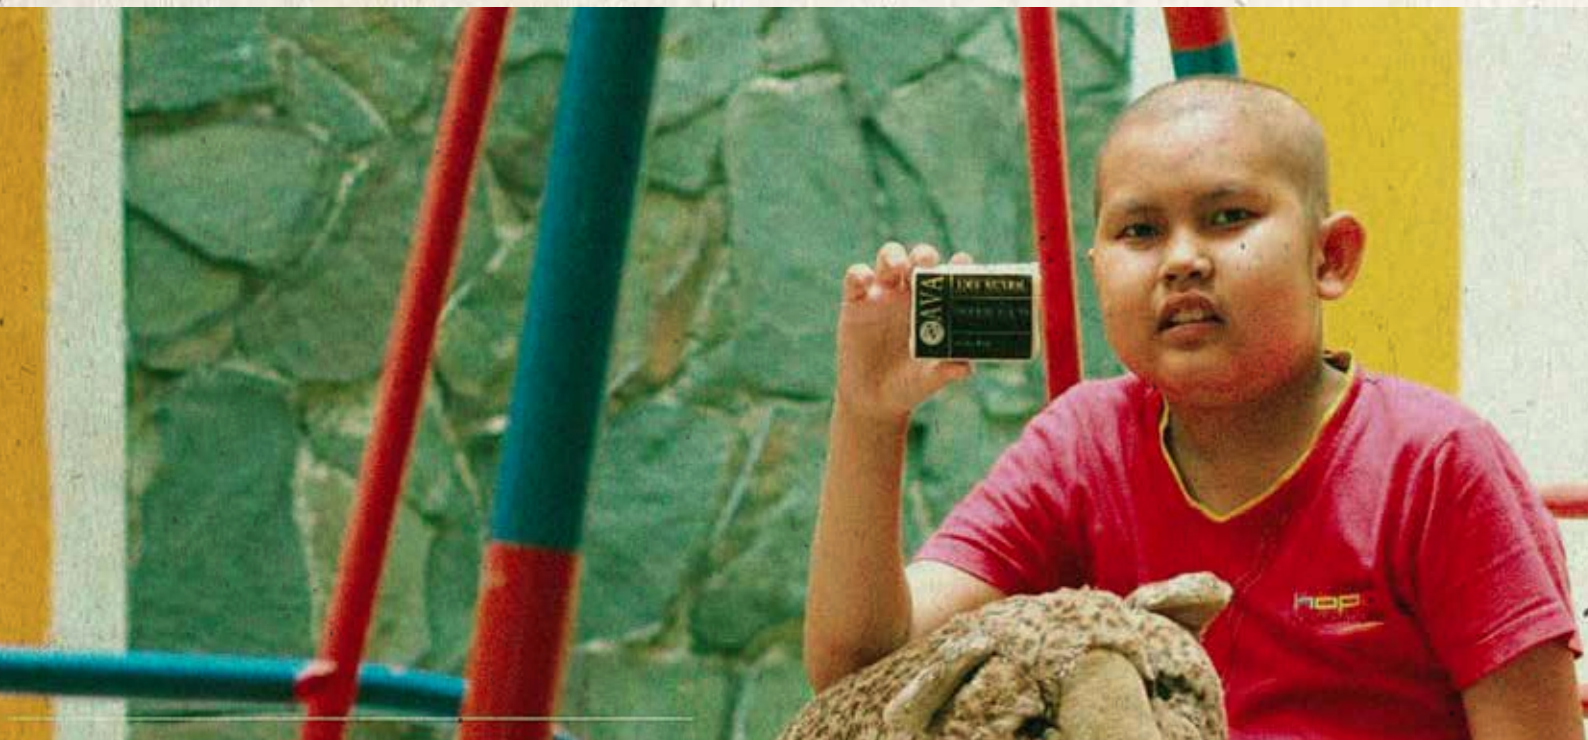

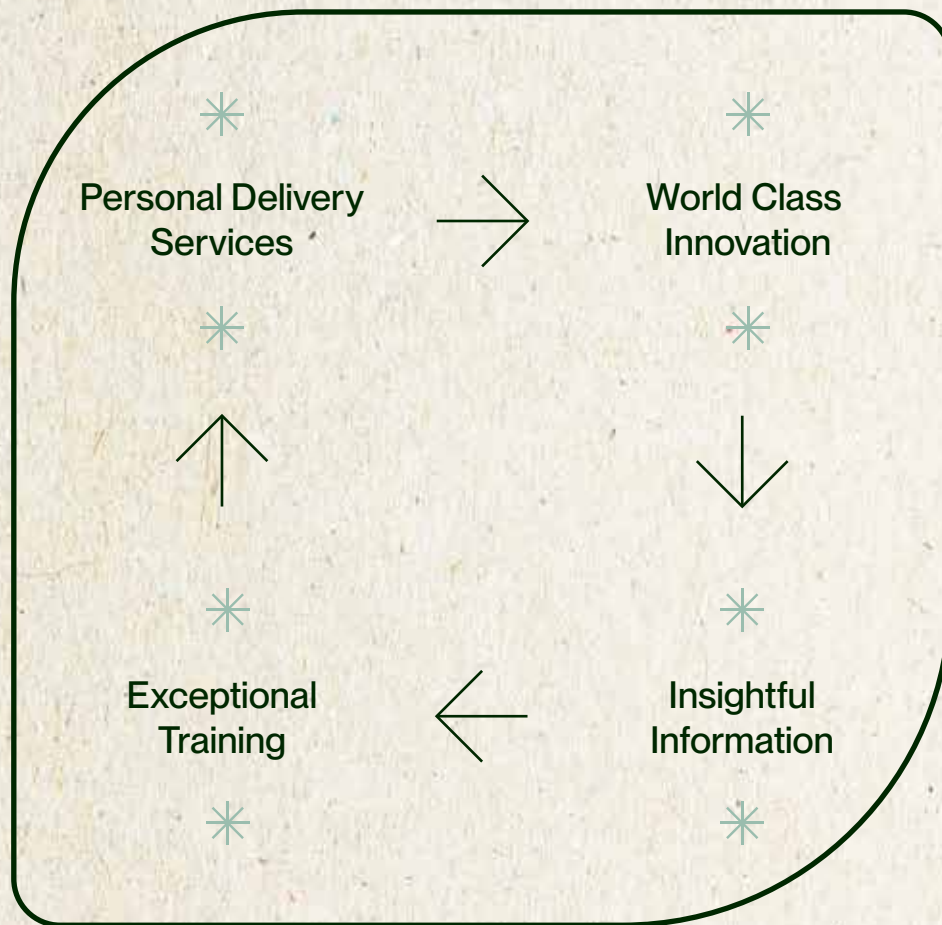

# Our Commitment

Rhyming to the tagline One Bottle for More Hope, AVA Natural has been partnering with a few Non-Governmental Organizations all over Indonesia to share a fair amount of their profit. One of the NGOs includes Yayasan Kanker Anak Indonesia (Indonesian Children's Cancer Foundation Indonesia). Therefore, every client of AVA Natural contributes to young cancer patients in Indonesia who live in poverty.

The leaves are arranged in a fan-like pattern, with prominent, dark green veins running parallel to the leaf edges. The lighting is soft, highlighting the texture and color of the foliage.
