

**the finest coconut oil quality**

**company profile**

# who we are

PT Anugerah Wajah Pria (AWPCO) is a trusted Indonesian company specialised in producing and supplying local coconut oil to domestic and global market.

We work closely with surrounding local farmers to produce the finest coconut oil quality at a production facility that is located in Kebumen, Central Java.

We are committed to promote the goodness of coconut oil by delivering high-quality product and service for you.

# our vision

To be a trusted supplier of high-quality coconut-based products in Indonesia.

# our mission

- To provide high-quality coconut based products.
- To provide integrated solutions for coconut-based products demands across the globe.
- To improve coconut farmers welfare by developing their competence to diversify their coconut plantation.

# what sets us apart

## consistent

We set standards in each of our processes in order to produce and deliver high-quality coconut oil for you.

## flexible

We can offer various solutions to meet your needs and requirements.

## dependable

We have our own plantation and work closely with surrounding farmers on a flexible basis.

## understanding

We will help you at every step of the way to ensure a mutually beneficial relationship.

**our product**

# extra virgin coconut oil

EVCO is considered as one of the healthiest oil on the planet, as it consists high content of vitamin-E, minerals, and healthy medium chain fatty acids.

It is edible, mostly used as as a spread, a cooking oil, and food ingredient.

EVCO also can be used as an ingredient in pharmaceutical, cosmetics manufacturing, and for personal skincare.

**50.83%**

lauric acid content

**0.08%**

production

# our facility

We produce the finest coconut oil quality  
at our facility in Kebumen, Central Java.

*Maps: 7°44'25.3"S 109°37'24.7"E*

**50 metric ton**

production capabilities  
per month

# our processes

We use **cold-pressed** methods **without** undergoing chemical **refining, bleaching,** or **deodorising** processes.

Without heating processes, we are able to **retain the essential nutrients and antioxidants** found in EVCO, such as vitamin-E, minerals, and healthy medium chain fatty acids.

All these processes result in a EVCO that is **pure clear as water, sediment free, with natural fresh coconut scent,** and **free from rancid odours** or **tastes.**

# certification

We want to ensure our production processes and final products are safe and hygienic.

Our plantation already secured Hazard Analysis and Critical Control Points (**HACCP**) and **Halal** certification.

# our market

## indonesia

Sold as edible EVCO in retail and online markets. Also used as ingredient in personal care manufacturing.

## japan

Sold as edible EVCO in the market.
