# Our guide to doing business

## RESPECT

Respect is our main bridge in doing business, communicating and responding well, providing best service, building a comfortable working environment and business process for our customers.

## HONESTY

Honesty is our main capital in doing business, because we know that trust is not something easily earned.

## INTEGRITY

When we sincerely serve, there will be arising commitment to maintain the trust of our business partners.

# Our Product

## **01** **Desiccated Coconut**

---

Desiccated Coconut is grated, dry (maximum of 3% moisture content), fresh and unsweetened flesh or kernels from ripe coconuts. It is graded based on the size of the cut, for example fine and medium where fine is the particle size smaller than medium.

02

## **RBD** (Refined, Bleached and Deodorized **Coconut Oil**

---

RBD Coconut Oil is a type of refined, bleached, deodorized coconut oil. It is very well used for frying and cooking various types of food. It also can be used as a mixture of cosmetic ingredients and various types of additional products.

PT. CHARIS COCO PERKASA

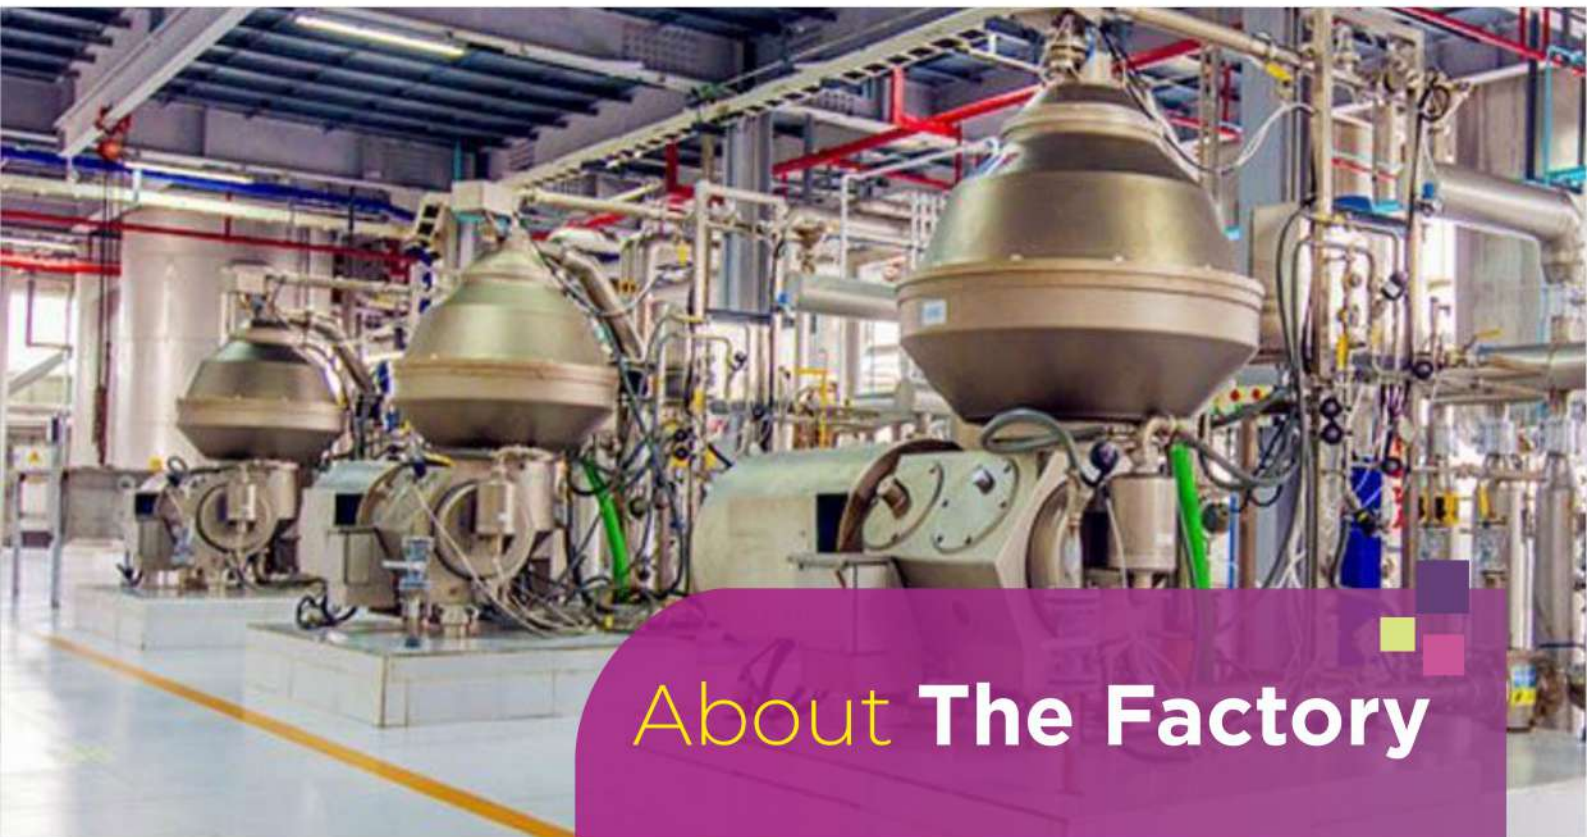

## 03 Crude Coconut Oil (CCO)

---

CRUDE COCONUT OIL is coconut oil extracted from copra (fresh coconut that has been dried). It can be further processed into RBD (Refined) coconut oil.

## About The Factory

Our factory has a dedicated production and quality control team who have worked with high royalty to provide the highest quality products that our customers expect. The factory capacity of the cooking oil refinery is 300 MTD and the desiccated coconut factory is 46 MTD. The factory continues to increase and develop the capacity of our refinery as our customers demand. Ultimately, it is our top priority to meet the satisfaction and expectations of our customers.

### High Standard Guarantee

Currently, our manufacturer is one of the largest coconut product producers in Indonesia. We use the latest technology with the world famous Tetra Pak system to preserve even more nutrients from coconut. In addition, our Manufacturers also follow the FSSC 22000 quality control system to ensure hygiene conditions at every stage of the manufacturing process. FSSC 22000 is fully recognized by BFSI and is based on existing ISO standards. All systems are adjusted because in the end, PT. CHARIS COCO PERKASA is one of the best to meet our consumers' needs and hope to be your best choice in introducing the best Indonesian coconut products.
