ABOUT US

PT Mekaju Aroma Krispi is a company engaged in manufacturer and exporter.

The resulting product is Clove Leaf Oil which is processed from distillation and Cloves with high quality. This company has been operating for 4 years located in South Sulawesi.

PT Mekaju Aroma Krispi has partnered with clove farmers and refiners who supply clove leaves which will be further processed, this is a form of collaboration for the welfare of the clove leaf farmers and refiners.

Supported by good geographical conditions, our company can produce quality Clove Leaf Oil and Cloves

OUR VALUES

“Our mission is to create sustainable quality products”

We set up our first facility in the city of Bulukumba, South Sulawesi.

It was in this city that the process of gathering information and production was carried out for the first time. At first, the production we did was to cleave leaf oil. based on information dataon the international market, we expanded product services to products such as cloves and clove handles.

The rapid expansion of this helped us to focus on quality production and maintain standards for the satisfaction of our customers.

Since our inception until now, we have always collaborated with farmers and refiners who are partners of the company so as to produce high-quality products.

This company has been working with local companies as a provider of clove leaf oil and we are proud as a potential partner and now we are expanding widely overseas to supply our products.
