

**PT. Janurland Anak Negeri, Indonesia**  
Cluster Mutiara Pandak No 36 Pandak, Baturaden, Banyumas, Indonesia

**ABOUT US**

In addition, we are committed to empowering women by providing them with equal opportunities in our business operations. This includes hiring female workers, providing them with training, and promoting their advancement within the company. By breaking down the gender barrier, we hope to help women play a more significant role in the local and global economy.

Environmental protection is also a top priority for us. We strive to reduce our carbon footprint and minimize waste in all areas of our business. This includes using sustainable materials in our products, implementing eco-friendly production processes, and working with suppliers who share our values and commitment to the environment.

As we expand into the global market, we hope to bring our socially responsible business practices to a wider audience. By continuing to focus on quality, community empowerment, and environmental responsibility, we aim to build a successful and sustainable business that will benefit both our customers and the wider community.

In conclusion, our t-shirt business is not just about selling products. It's about making a positive impact on the world and building a sustainable future for all. By expanding into the global market, we hope to bring our vision of a better world to a wider audience and inspire others to follow our lead.

Our t-shirt business has been serving the local market since 2017, and now we are ready to take the next step and expand into the global market. We have always been focused on delivering high-quality products, while also making a positive impact on the local community and environment.

One of our key business strategies is to empower rural communities. We believe in working with local villages to help create sustainable livelihoods and improve the standard of living for those living in these areas. This is achieved through the involvement of the community in our production process, which not only provides them with a source of income but also helps preserve their cultural heritage and traditions.

## OUR COMMITMENT

Our commitment to providing the best products, meeting the needs of our buyers, and maintaining competitive prices. At our business, we believe that these are the key factors that set us apart and ensure the satisfaction of our customers.

Our goal is to consistently produce best products that meet the needs and expectations of our buyers. We use the best materials and production methods to ensure that our products meet with out buyer needs.

## OUR VALUES

Our business model is based on environmental sustainability, rural economic empowerment, and fair treatment of our employees. We are committed to providing products and services that are not only of high quality, but also have a positive impact on the environment and local communities.

In terms of environmental sustainability, we have implemented a number of measures to reduce our carbon footprint and minimize waste. In our plan we will use renewable energy sources, promote recycling, and take steps to conserve natural resources. In addition, we partner with local community and suppliers to supporting rural economic development.

We also believe in treating our employees with dignity and respect. We pay fair wages, provide safe working conditions, and offer opportunities for professional development and growth. We are committed to creating a positive and inclusive workplace culture, and we believe that our employees are our greatest asset.

At our business, we believe that these are essential elements that help us to understand and connect with the communities where we operate. We take great pride in incorporating local wisdom and culture into our products and services

We are committed to promoting local wisdom and culture in all that we do, and we hope that our efforts will contribute to a more vibrant, diverse, and connected world
