Company Profile

We provide the quality not only quantity for every durian, cacao, areca, banana, and its derivatives, that you need.

General Description

CV. Elim Berjaya is active in natural resources, focusing on fruits commodity specifically durians, bananas, cacao, and areca. We provide the best quality for our customers. We are located on Selambo Muara Toba Street, Pembaharuan VI Alley, Medan, North Sumatera.

Our founder is Mr. Tumbur Sirait who started the leading business first with durians in 1991 and still growing. The experiences have taught us for 30 years. Our founder started to sell durians on the roadside, then sell to domestic (Indonesia), and then more than 7 latest years to sell overseas (Malaysia, Tiongkok, Singapore, etc).

Now we involve not only *durians* but also *areca*, *cacao*, and *banana* with *Elim Nature* as Our Brand. As a company, we *guarantee* our product with *quality* so that can be *trusted*. Please, check our products in the product section. Thank You so much for your attention.

We come from Indonesia to the widely Overseas
-Elim Nature-

Our Super Founder

We value our customers as our family.

-Mr.Tumbur Hasiolan Sirait-

Vision

Being The Best Provider of the best Agricultural Products in Asia. We come from Indonesia to the widely Overseas

Mission

1. Supporting the farmers to increase the Crops
2. Increase the supporting facilities and technology for production activities
3. Provide the best quality products and services for our customers

Our Values

Trusted

We work with buyers in accordance with the agreement of the both parties, so that creating a sense of confidence and trust within buyers to continue the business without suspicion and worry.

Guaranteed

We guarantee our buyer according to an agreement which is beneficial to both parties, in order to have a long-term business relationship.

Quality

To give our buyers sense of trust and guarantee, the main thing that we defend is the quality of every item that we send.

Our Products

We present Indonesian agricultural products with the best quality in each product and its derivatives. There are several agricultural products that we provide, but for the first time we provide local durians from the island of Sumatra. Knowing that Sumatra's agricultural products are of very high quality, therefore we present several other agricultural products for us to provide and introduce more widely abroad. All our product have grade A and B. Here are some of high quality products that we provide ;

Durians

Bananas

Areca

Cocoa/Cacao

Durians

Type of Durians

This durian is obtained from various regions on the Indonesia, Island of Sumatera. So far, we forward the whole durians like this to domestic consumers.

Durians Derivative

Durian Peel

Sustention of one or more durians peeled and be placed in a box weighing about (+/-) one kilogram.

Durian Pulp/Stuffed Durian

Sustention of one or more durians peeled and be placed in a box weighing about (+/-) one kilogram.

Bananas

Type of Bananas

This banana is obtained from various regions on the Indonesia, Island of Sumatera. We provide fresh banana, frozen banana, green banana, cavendish, banana chips

Bananas Derivative

Cavendish

Barangan Banana / King Banana

Types of Bananas that can be consumed directly and or made into banana chips. Several other types of bananas that can be used as chips are Ambon Banana, Tanduk Banana, and we provide all of these types.

Banana Chips

is a type of unripe banana or banana that has been ripe but the skin color remains green and is usually used to make chips

Chocolate

Type of Chocolate

We provide various types of raw materials for the manufacture of chocolate. some of them come from the island of Sumatra. We provide Grade A and B.

Chocolate Derivative

Cacao Seed

is the best quality cacao bean on Indonesia as a raw material for making chocolate.

Cacao Powder

is a powder form of cacao beans with the best quality from Indonesia without any mixture on it.

Areca

Type of Areca Seed

We have the best areca nut from our region, Indonesia. We provide the whole areca nut, split areca nut and all of them with the best quality can be called grade A.

Areca Seed Derivative

Areca Seed

We have the best areca nut from our region, Indonesia. We provide the whole areca nut, split areca nut and all of them with the best quality can be called grade A.

Market Size

Market Size in trading this commodity is still around the Asian continent until now, therefore we want to expand our market to countries on other continents, such as countries in the European continent for durians, chocolate, areca nut products, and bananas, as well as other countries in America and Australia. We can produce around 200 tons of products in one season (3 months).

Market Targeting

We provide the products mostly for Agent/Collector or Factory/Company. The average amount we can produce about 70 tons in a month, and we can do more than that if You need it. We provide grade A and B for all our products.

Agent/Collector

Factory/Company

THANK YOU....

for your time to read our humble company profile.
We hope that You can cooperate with us so that
We can do it together.

Note : We always provide the best quality in everything you need.

SEE YOU IN OUR PROJECT.
