

PT EFFA CIPTA SEJAHTERA

CINNAMON
COMPANY
PROFILE.

COMPANY PROFILE

PT Effa Cipta Sejahtera is a registered company in Indonesia providing high quality raw cinnamon products to customer all around the globe. Our cinnamon is sourced directly from a small village at Kerinci Jambi Indonesia. We have grown and harvested cinnamon tree hereditary and as an inheritance from our ancestors.

PT Effa Cipta Sejahtera is committed to providing our customers with the best cinnamon products while also taking care of the farmers, they are my big family who grow this vital commodity in our village. And we also value our customers, and believe that their satisfaction is our top priority. We are committed to build long term relationship with our farmers.

PT EFFA CIPTA SEJAHTERA

Production Process

The cultivation of cinnamon involves several steps from planting the seeds to harvesting the bark. Here are the general steps involved in growing cinnamon.

- 1. Planting the seeds**
- 2. Caring for the trees**
- 3. Pruning and training the trees**
- 4. Harvesting the bark**

We don't use chemicals to destroy the shrubs, but we clean them using a lawn mower.
